For tremendous comfort and strength there is nothing better than the design of the Champion Supreme bench. Rounded corners, sturdy seats that will not sag, and UV stable and mold resistant plastisol (poly-vinyl) coating on the *entire* bench (including the legs!) are why we can boast about this bench. We want you to love it for years to come! The coating protects the bench, which means no rust - *ever!* Premier Polysteel commercial quality outdoor furniture is built to last a lifetime in all climates. Wind, sand, salt, chlorine, rain, and snow are no match for Premier Polysteel.
