Invitation for Bid (IFB) This competitive method of awarding contracts is used for procurements of more than \$25,000 in value. The agency knows exactly what and how many of everything it needs in the contract, as well as when and how the products and services are to be delivered. The award is generally based on price.

Request for Quote (RFQ) This type of solicitation is often used to determine current market pricing.

Request for Proposal (RFP)This approach to contracting occurs when the agency isn't certain about what it wants and is looking to you to develop a solution and cost estimate.

Sole Source (SS) this procurement can be defined as any contract entered into without a competitive process, based on a justification that only one known source exists or that only one single supplier can fulfill the requirements.

Two-step Procurement - request for qualifications step-one used in the formal process of procuring a product or service, It is typically used as a screening step to establish a pool of vendors that are then qualified, and thus eligible to submit responses to a request for price proposal (RFP). In this two-step process, the response to the RFQ will describe the company or individual's general qualifications to perform a service or supply a product, and RFP will describe specific details or price proposals.

#### **SOLE SOURCE JUSTIFICATION FOR CINTAS**

FTA C 4220.1F states: Sole Source Justification - If the recipient decides to solicit an offer from only one source, the recipient must justify its decision adequately in light of the standards of subparagraph 3.i(1)(b) of this Chapter. FTA expects this sole source justification to be in writing.
The materials/services listed on Requisition numberis available from only one source and competition is precluded for reasons indicated below. There are no substitutes available.
2. This acquisition is restricted to the following source:
Manufacturer: Cintas Manufacturer Address: 120 Canvasback Dr, St Rose, La 70087 Manufacturer's Dealer/Representative: Keegan Haid Dealer/Representative Address and Phone Number: 808-282-7623
3. Description of the materials/service required, the estimated cost, and required delivery date.
On 11/20/2020, The RTA entered into a 36-month agreement with Cintas to supply uniforms, hand soap, floormats, and paper towels. Currently, the RTA is in need of creating a PO to go along with the contract. The value of the contract is \$479,974.
4. Specific characteristics of the materials/service that limit the availability to a sole source are unique features and functionality of the system.
What is unique about this procurement is we have been receiving products and services from Cintas since the operational transition from Transdev to the RTA, but have not yet issued a PO. The RTA entered into an agreement with Cintas, committing the RTA to a 36-month service term. This represents a continuation of services previously provided via the Transdev management contracts.
5. Check and fill in all that are applicable:
☐ The material or service must be compatible in all aspects (form, fit, and function) with existing systems presently installed. Describe the equipment you have now and how the new materials/service must coordinate, connect, or interface with the existing system: See attached.
☐ A patent, copyright, or proprietary data limits competition. The proprietary data are described as follows:
☐ These are "direct replacement" parts/components for existing equipment.

## **EXHIBIT A**

#### FEDERAL REQUIREMENTS

It is a requirement of the Federal Government that activities financed, in part, with Federal funds and performed by a third-party contractor and its subcontractors on behalf of a Federal grantee must be carried out in accordance with applicable Federal requirements.

Activities performed under this contract, and any amendments thereto, may be financed in part, by a grant from the United States Department of Transportation (DOT), Federal Transit Administration (FTA) to the New Orleans Regional Transit Authority, and if so, would therefore be subject to the applicable grant terms, conditions, and regulations. Accordingly, the Contractor and its subcontractors performing activities under this contract must adhere to the Federal requirements stated herein as a condition of satisfactory performance.

All subcontracts and subcontractors employed as a result of this contract are subject to the same conditions and requirements as set forth herein unless specifically exempted. The Contractor shall ensure that its subcontractors at all tiers are made aware of and comply with these Federal requirements. The Contractor will be held liable for compliance failures by its subcontractors. Failure to comply will render the Contractor responsible for damages and/or contract termination.

#### 1. BUY AMERICA REQUIREMENTS

If the Contractor uses Federal funds to purchase any capital items to be used in providing services under the contract, the Contractor shall comply with the applicable Buy America requirements set forth in 49 U.S.C. § 5323(j) and the applicable regulations in 49 C.F.R. Part 661, as amended, and shall be responsible for obtaining the Buy America certification required under such regulations.

#### 2. FLY AMERICA REQUIREMENTS

As used herein: "International air transportation" means transportation by air between a place in the United States and a place outside the United States or between two places both of which are outside the United States. "United States" means the 50 States, the District of Columbia, and outlying areas. "U.S.-flag air carrier" means an air carrier holding a certificate under 49 U.S.C. Ch. 411.

When Federal funds are used to fund travel, Section 5 of the International Air Transportation Fair Competitive Practices Act of 1974 (49 U.S.C. 40118) (Fly America Act) requires contractors, recipients, and others use U.S.-flag air carriers for U.S. Government-financed international air transportation of personnel (and their personal effects) or property, to the extent that service by those carriers is available. It requires the Comptroller General of the United States, in the absence of satisfactory proof of the necessity for foreign-flag air transportation, to disallow expenditures from funds, appropriated or otherwise established for the account of the United States, for international air transportation secured aboard a foreign-flag air carrier if a U.S.-flag air carrier is available to provide such services.

If available, the Contractor, in performing work under this contract, shall use U.S.-flag carriers for international air transportation of personnel (and their personal effects) or property. In the event that the Contractor selects a carrier other than a U.S.-flag air carrier for international air transportation, the Contractor shall include a statement on vouchers involving such transportation essentially as follows:

Statement of Unavailability of U.S.-Flag Air Carriers:

International air transportation of persons (and their personal effects) or property by U.S.-flag air carrier was not available or it was necessary to use foreign-flag air carrier service for the following reasons. See FAR § 47.403. [State reasons].

The Contractor shall include the substance of this clause, including this subsection (d), in each subcontract or purchase under this Contract that may involve international air transportation.

#### 3. INTELLIGENT TRANSPORTATION SYSTEMS—NATIONAL ARCHITECTURE

If necessary, the Contractor agrees to conform to the National Intelligent Transportation System (ITS) Architecture requirements of 23 U.S.C. § 517(d), unless it obtains an exemption from those requirements, and to follow FTA Notice, "FTA National ITS Architecture Policy on Transit Projects," 66 Fed. Reg. 1455, January 8, 2001, and all other applicable Federal guidance.

#### 4. CHARTER SERVICE OPERATION

The Contractor agrees to comply with 49 U.S.C. § 5323(d) and 49 C.F.R. Part 604, which provides that recipients and subrecipients of FTA assistance are prohibited from providing charter service using federally funded equipment or facilities if there is at least one private charter operator willing and able to provide the service, except under one of the exceptions at 49 C.F.R. 604.9. Any charter service provided under one of the exceptions must be "incidental," i.e., it must not interfere with or detract from the provision of mass transportation.

#### 5. SCHOOL BUS REQUIREMENTS

The Contractor agrees to comply with 49 U.S.C. § 5323(f) and 49 C.F.R. Part 605, which provide that recipients and subrecipients of FTA assistance may not engage in school bus operations exclusively for the transportation of students and school personnel in competition with private school bus operators unless qualified under specified exemptions. When operating exclusive school bus service under an allowable exemption, recipients and subrecipients may not use federally funded equipment, vehicles, or facilities.

#### 6. CARGO PREFERENCE REQUIREMENTS

If the Contractor uses Federal funds to purchase any capital items from foreign sources under the contract, the Contractor agrees:

- (A) To use privately owned U.S.-Flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers), involved, whenever shipping any equipment, material, or commodities pursuant to the underlying contract to the extent such vessels are available at fair and reasonable rates for U.S.-Flag commercial vessels;
- (B) To furnish within 20 working days following the date of loading for shipments originating within the United States, or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, "on-board" commercial ocean bill-of-lading in English for each shipment of cargo described in the preceding paragraph to the Division of National Cargo, Office of Market Development, Maritime Administration, Washington, D.C. 20590 and to the FTA recipient (through the Contractor in the case of a subcontractor's bill of lading);
- (C) To include these requirements in all subcontracts issued pursuant to this contract when the subcontract may involve the transport of equipment, material, or commodities by ocean vessel.

#### 7. ENERGY CONSERVATION

The Contractor agrees to comply with mandatory standards and policies relating to energy efficiency that are contained in the State Energy Conservation Plan issued in compliance with the Energy Policy and Conservation Act (49 U.S.C. § 6321, et seq.), 49 C.F.R. Part 18.

#### 8. CLEAN WATER REQUIREMENTS

(A) The Contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. § 1251, et seq. The Contractor agrees to report each violation to the New Orleans Regional Transit Authority and understands and agrees that the New Orleans Regional Transit Authority will, in turn, report each violation as required to assure notification to FTA and the appropriate Environmental Protection Agency (EPA) Regional Office.

(B) The Contractor also agrees to include these requirements in each subcontract exceeding \$100,000 financed in whole or in part with Federal assistance provided by FTA.

#### 9. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT—NON-CONSTRUCTION

- (A) Contractor shall comply with all Federal laws, regulations, and requirements providing wage and hour protections for non-construction employees, in accordance with 40 U.S.C. § 3702, Contract Work Hours and Safety Standards Act, and other relevant parts of that Act, 40 U.S.C. § 3701 et seq., and U.S. Department of Labor regulations, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction (also Labor Standards Provisions Applicable to Non-construction Contracts Subject to the Contract Work Hours and Safety Standards Act)," 29 CFR Part 5.
