7. Audience Questions and Comments

Alan Drake submitted a letter to the Board regarding Hurricane Evacuation. This can be found in the Board of Commissioners Meeting Folder.

Ms. Thompkins asked that the Board bring back the Paratransit Meetings that were held once a month for the Paratransit Riders/Fix Route Riders. The fixed route riders were having issues with fixed route bus stops, with no sidewalks, making it impossible for Paratransit riders using fixed route to get to the bus stops. The Paratransit operators don't consider the passengers on the buses when operating Paratransit Buses and hit every bump in the streets. The train along St. Claude makes the commute longer and RTA staff does not communicate with staff to make the commute better for the riders.

Rodney Baptiste stated that the new Paratransit Operators need more training dealing with the visual and hearing-impaired Paratransit Passengers. The operators are very rude and he has changed his schedule multiple times to avoid riding with a certain operator.

Commissioner Neal stated that there was an Equity and Access Committee Meeting held in July that addresses issues with Paratransit and the next meeting is scheduled during the month of October.

Ms. Jasmine stated she does Civil Disobedience in the streets every night with public transit and would like some office space in the RTA building to report on Human Trafficking. She stated that the operators either don't let her on the bus, make her get off the buses or keep her on the bus past her stop.

Commissioner Neal asked Ms. Jasmine to share her experience with him and he will deal with her issues.
