Board of Commissioners

[Finance Committee Minutes - May 13, 2021]

New Orleans Regional Transit Authority Finance Committee

Meeting Minutes

Thursday, May 13, 2021

11:00 AM

RTA Board Room

The New Orleans Regional Transit Authority does hereby certify that it is unable to hold a commission meeting under regular quorum requirements due to COVID-19. On authority of the Governor under Section 2 of Proclamation Number 84 JBE 2020, the next Commission meeting will be held via telephone and/or video conference on Thursday, May 13, 2021 at 11:00 am. All efforts will be made to provide for observation and input by members of the public.

- 1. Call To Order
- 2. Roll Call

3. Consideration of Meeting Minutes

approved

[Finance Committee Minutes - April 8, 2021]

21-070

Commissioner Wegner moved and Commissioner Walton seconded to approve the minutes of April 8, 2021. The motion was approved unanimously.

4. Committee Chairman's Report

No Recording.

5. Chief Executive Officer's Report

Alex Wiggins reported that regarding the Colonial Pipeline Cyber Attack the service along the pipeline was restored and the RTA had no disruption to its fuel service and currently the RTA was going through its own Cyber Security Audit.

Alex Wiggins reported that the Return To Service Plan would include a Temporary Fare Reduction Plan - for 6 months to lower the pass prices, eliminate transfer fees and reduce the prices of the express fares. These actions should bring more riders to the system.

Alex Wiggins reported that the RTA was going to host the 13th Annual Virtual ADA Hurricane

Preparedness Meeting on May 18, 2021 via zoom.

Alex Wiggins reported that the APTA Rail Conference and the UITP Conference was merged and he was asked to speak at the conference regarding transit Return to Services post COVID-19.

Alex Wiggins reported that the APTA Legislative Conference was held via zoom on May 18-19, 2021.

Alex Wiggins reported that the RTA revealed the New Buses and this new design will help the RTA keep the buses cleaner.

6. Service Restoration/Phased New Links Implementation

Vivek Shah reported that the RTA plan to return to full service on June 20, 2021, improve On-Time Performance, provide service up and down Canal Street by July 1, 2021 and the asphalt on the St. Charles Streetcar Line will be replaced with cement and because of the project the streetcar was going to stop at Howard Avenue and a bus bridge will be put in place of the streetcars. The Canal Street Streetcar/Cemeteries Line will service the UPT Line and the Canal Street Streetcar/City Park Line will continue to the River.

Vivek Shah reported that New Links Implementation was going to start with the St. Charles Streetcar Line - Right-sizing service during off-peak times based on ridership. The St. Claude peak service was going to be every 15 minutes overnight and service would run every 30 minutes and this schedule was going to remain for the week. The Jackson-Esplanade will increase to 20 minutes and weekend peak service would run every 30 minutes.

Vivek Shah reported running this service for half of the year the original baseline budget increased to \$5.2 Million.

Dwight Norton reported that the Title VI review of the New Links recommendations consisted of - FTA approve of disparate impact analysis, identify interdependencies of network changes, stops and shelters - relocation requirements and infrastructure build out, detailed operational review of new routes and turns, detailed scheduling and new picks, new printed and electronic maps and schedule materials and communications and outreach planning.

Dwight Norton reported that in the Fall 2021 - small route service adjustments would take place. In the Winter of 2022 major route adjustments would take place and in the Spring of 2022 the remaining recommendations will take place.

Commissioner Raymond stated that this was a great presentation and seeing the cost savings reinvested into the service expansion.

7. RTA Ridership Incentives

Chase Haislip reported that the Fare Structure Adjustment Goals was a way to Simplify the Fare Structure, Introduce Youth and Senior to the transit system passes and reduce the Monthly Pass Cost. Currently the RTA was not engaging the passengers at the monthly pass level and by introducing the youth and senior passes these two core demographics can offer an opportunity to be long term partners with the RTA.

Chase Haislip reported that a very intensive peer study was conducted, the peers were determined based on ridership and demographic information on their passengers. The study tried to understand how many fare products the peers were offering, what the fare structure looked like, what is the cost of the monthly passes and what the peers were doing for reduction of cost during the COVID-19.

Chase Haislip reported that staff has done a base case for the RTA's existing fare structure and the changes that staff was proposing for single fare rides for buses and streetcars was eliminating the up charge for a single ride. The RTA currently charge .25 cents for transfers and charge .25 cents up charge for express service, adjustments can be made that give relief to the passengers by eliminating those up charges so a single ride was going to be \$1.25 whether you need a transfer or if riders choose to use an express bus.

Chase Haislip reported that the RTA was looking to introduce a new product under the single fare rides which was the single ride youth ticket that was going to be .50 cents. The RTA was going to introduce the RTA Jazzy Pass that would be usable on all modes of transportation such as the buses, streetcars and ferries. The one-day Jazzy Pass will continue to be \$1.00 respectively for the youths and the .80 cents for seniors. Staff was looking at eliminating the three-day and five-day passes but change the five-day pass to a seven-day pass.

Alex Wiggins reported that the RTA needs to right-size the pricing of the streetcar rides and this would be an opportunity to generate some additional revenue.

Chase Haislip reported that the monthly pass would go from \$55.00 to \$45.00 and the senior and youth passes would be priced at \$14.00 and \$18.00 respectively.

Chase Haislip reported that over the years the RTA fare revenues was between \$17 to \$18 Million and due to COVID-19 the RTA passenger fares went to \$7 Million and during the CY 2021 the RTA can anticipate \$8 Million in passenger fares if the RTA does not return to full service.

8. Chief Financial Officer's Report (March Financial Statements)

Gizelle Banks reported that the Ridership - The actual March ridership of 632K underperformed the budget by 10% or 179k passengers but exceeded February's total by an impressive 38.7%. March 2020 results signaled the beginning of the downward trend in ridership due to the pandemic as the graph illustrates.

Gizelle Banks reported that the Operating Cost Per Unlinked Passenger Trip 2021 vs. 2019 (Pre COVID) - For the first time this year, the cost per passenger trip is less than pre-COVID

levels. This can be attributed to the increase in ridership and the decrease in expenses when compared to the prior two months.

Gizelle Banks reported that the Ferry - Operating Cost Per Unlinked Passenger Trip 2021 vs. 2019 (Pre-COVID) - The ferry operations have also experienced significantly higher operating costs per passenger trip since the onset of the pandemic. While this metric is not at pre-COVID levels, March marked the most notable decrease in cost so far this year.

Gizelle Banks reported that the Farebox Recover Rates 2021 vs. 2019 (Pre-COVID) - With dramatically fewer passenger boardings because of the pandemic, fare revenue continues to offset a significantly lower percentage of operating expenses. In March, however, the farebox recovery rate rebounded from the slump in February, doubling the results to over 10%.

Gizelle Banks reported that the Ferry-Farebox Recover Rates 2021 vs. 2019 (Pre-COVID) - The ferry ridership has dropped drastically because of the pandemic, causing fare revenue to offset a significantly lower percentage of operating expenses. There was, however, some improvement in this area for the month of March, with over a 5% increase from February's results.

Gizelle Banks reported that the Operating Revenues (Budget, Actual & Prior Year) - The adverse impact of the COVID-19 pandemic on Operating Revenues is reflected in the March 2020-to-current year comparisons. Passenger Fares continue to fall short of projections. CNO sales tax collections through March have been received, exceeding expectations for the first quarter by \$1.7m or 11.9%.

Gizelle Banks reported that the Operating Revenues (Actual) - Of the \$6.5m in Operating Revenues, 76% or \$4.9m is derived from General Use Sales Taxes.

Commissioner Raymond asked staff to add the CY2019 Budget to the charts.

Gizelle Banks reported that the Operating Expenses - The Labor and Fringe Benefits, the largest expenditure of \$6.5M comprised 72% of this month's actual expenses. Staff continues its post-transition payroll analysis and true-up. The contrast in 2020 and current year results for Labor and Fringe Benefits and Services is directly related to the transition from the O & M contractual arrangement with Transdev to 100% in-house operations.

Gizelle Banks reported that the Net Revenue Before and After Government Assistance) - The Net Revenue (Before Government Assistance) is (\$300k) for the month of March, much more favorable than the previous month. After applying the month's \$1.2m in Government Operating Assistance, Net Revenue ended with a \$900k positive variance.

Gizelle Banks reported that the Capital Expenditures and Debt Services As result of the bond refinancing in September 2020, Debt Service was dramatically reduced by \$658k from prior year actuals for the month and by \$1.9m year-to-date.

Gizelle Banks reported that the Operating Reserve - The positive variance that resulted from Net Revenue (After Government Assistance) added \$330k to Restricted Operating/Capital Reserve after accounting for the payment of \$576k in Debt Service.

Gizelle Banks reported that the Maritime Operations - Passenger fare revenue for ferry operations increased by over 300% for the month of March when compared to the same period in 2020. This is a result of having full ferry operations this year as well as signaling a bit of recovery, since the pandemic began. In contrast, March 2021 operating expenses outpaced those from the prior year by 29% primarily due to the newly negotiated contract with Labmar.

Gizelle Banks reported that the Total Revenue for the month was \$10.5 Million and the Total Usages was \$10.2 Million which reflected a \$300,000 positive variance and the revenue was trending about \$500,000 more than the budget amounts.

9. Infrastructure & Planning Report

9a. May Capital Projects Report

21-065

Dwight Norton reported that the Shelter Program was currently under Phase 2 and staff was investigating the feasibility of installing shelters at Duncan Plaza.

Dwight Norton reported that the Canal Street Ferry Terminal Project was underway and the contractor was working to complete the demolition of the terminal and will begin the test pile program. The temporary Berthing base was delivered to the C&C's yard. The project is scheduled to be completed by the end of next year.

Dwight Norton reported that the Riverfront Streetcar Line Track Install and Poles Painting - The Riverfront Line Phase 2 will begin in July and this project should only last a couple of months.

Dwight Norton reported that the Repair of the Broken Sewer Lines at Randolph Facility - A kickoff meeting was held on May 4, 2021 and the work was going to start on May 24, 2021 and the project should take 110 days to complete.

Dwight Norton reported that the ENO Exterior Envelope Repair for Maintenance - The Procurement Department sent a letter to the low bidder to respond to the SBE requirements in the contract and staff anticipate the Board approving this project at the July Meeting and the start date for this project was August, 2021.

Dwight Norton reported that the Recovery from Hard Rock Hotel Collapse Canal Streetcar Line - Staff advertised the project on April 30, 2021 and solicited for a contractor to repair the Canal Streetcar Line and staff was looking into restoring the Canal Street Streetcars and have them back into service by July.

Dwight Norton reported that the Algiers Ferry Terminal Rehabilitation and Modernization - Staff was revising the scope of the grant per the guidance of FTA.

Dwight Norton reported that the Napoleon Facility Rehabilitation - This is a

stabilization project of the building and staff has received approval from SHPO and FTA and the Notice to Proceed will be issued in September.

Dwight Norton reported that Lower Algiers Car Ferry Landing Barge Environmental Assessment - The Environmental Assessment should be completed by next month.

Dwight Norton reported that the St. Charles Streetcar Line: Downtown Loop Pavement Replacement Project - This project was to replace the deteriorated asphalt with concrete pavement along the entirety of the St. Charles Streetcar Line Downtown Loop. The project should take 5 to 6 months to complete.

Alex Wiggins reported that the work will be done in phases and the RTA was not going to burden the business owners with negative impacts from the construction.

Dwight Norton reported that the Recovery from the Hard Rock Hotel Collapse Rampart Streetcar Line - AECOM completed the final inspections on April 21, 2021 and provided the RTA with a schedule to complete the Rampart Streetcar Line. AECOM has also provided a Scope of Work to purchase new OCS Poles and staff was working with the Finance Department on funding for the purchase of the poles and staff was going to solicit a vendor to fabricate the replacement of the OCS Poles.

Dwight Norton reported that the St. Charles Streetcar Line: Carrollton Double Crossover - The Site Survey has been completed and Infinity submitted the 60% installation package in early May.

Dwight Norton reported that the Installation for New Non-Advertising bus Shelters - The RTA has self-generated funds to install 16 new non-advertising locations for bus shelters. Staff has identified 42 possibilities locations that meets the shelters criteria and in compliance for the installation. The RTA riders will be engaged in this process.

Dwight Norton reported that the State DOTD 5339 awarded the RTA \$1.3 Million for non-revenue fleet replacement of vehicles and the Low-No Emission: 5339 Grant had a pool of \$180 Million.

Dwight Norton reported that the grants that the RTA was currently pursuing was Katrina/Rita Disaster CDBG and FEMA.

Commissioner Daniels welcomed Dwight Norton to the RTA.

10. DBE Report

Keziah Lee reported that the contracts awarded has gone up from \$1.2 Million to \$2.8 Million.

Keziah Lee reported that staff added to the chart the DBE Participation and there was no

change from the last reporting period in terms of payments. There was an invitation for bid for metal roofing services and staff has been working with the prime to help fulfill the 30.55% DBE goals.

Alex Wiggins stated that he met with Woodward President and made it very clear that their DBE goals need to be met for this project.

New Orleans Regional Transit Authority

Board Report and Staff Summary

File #: 21-094	Finance Committee	
[April Financials]		

April 2021 Analysis of Financials

		Varia	nces	
Budget	Actuals	Amount	%age	Explanation of Variance
Passenger Re	venue			
2,739,006	2,328,611	(410,395)	(14.98%)	Passenger Fares were 15% (\$410k) below projections through April while ridership was 11,5% (296k) under budget. Pass Sales were also under projections 2.1% (\$16k) but its actuals have increased every month this year. Total system wide actual ridership for the month of April was 40k (6.3%) over the month of March and March ridership was about 97k riders over the month of February. April numbers would probably have been stronger had it not been for the record setting rainfall experienced in the month.
Sales Tax				
21,023,940	24,702,214	3,678,274	17.50%	Actual CNO sales tax collections through March have been received. These collections reflect a \$1.7m positive variance (11.9%) when compared to the budget. When compared to the first quarter of 2020, these collections reflect a \$606k disparity (3.7%).
Labor and Frii	nge Benefits			
23,577,350	21,330,135	2,247,215	9,53%	Labor and Fringes are below projections, \$2,2m (9.5%) through April. April was the fourth full month post-transition for all employees, and a thorough review and analysis continues for these two line items as many, but not all, issues have been resolved. Recordings for retirement appear to be at the forefront of this variance but also, the budget represents full staffing while there are vacancies throughout the organization.
Services				
3,428,420	2,540,146	888,274	25.91%	Most Services line items are under budget. Professional/Technical Services (legal fees, consultants, other outside services, etc.) contributed \$783k to this positive outcome while Contract Maintenance Services contributed another \$90k.
Materials and	Supplies			
2,867,706	2,479,664	388,042	13.53%	Diesel fuel prices for the month of April were budgeted at \$2.05/gal. (excl. \$0.21/gal. tax). Actual diesel fuel prices for April averaged \$1.93/gal. (before taxes), which was \$0.12/gal. under budget and \$0.01/gal. less than the average price for March. Diesel fuel consumption for April was 13,700 gallons under budget.
Miscellaneous	<u> </u>			
197,427	77,689	119,738	60.65%	All Miscellaneous Expense line items, with the exception of Dues and Subscriptions are under budget through April. Travel and Meetings which includes the training budget contributed \$85k (70%) to the positive variance.

New Orleans Regional Transit Authority

Board Report and Staff Summary

File #: 21-063	Finance Committee	
Egle' Janitorial On-Site COVID	Cleaning	
DESCRIPTION: Requesting Bo Egle' contract for additional on- and streetcar for the months of 2021	site Covid cleaning of buses	AGENDA NO: Click or tap here to enter text.
ACTION REQUEST: ⊠ Approv	ral □ Review Comment □ Ir	formation Only □ Other

RECOMMENDATION:

To authorize the Chief Executive Officer to approve a change order to Egle's contract for additional and extended Covid Cleaning in the amount of \$122,562.48.

ISSUE/BACKGROUND:

The New Orleans Regional Transit Authority (RTA) is tasked to provide additional onsite Covid 19 bus and streetcar cleaning and disinfecting at the Duncan Plaza Bus Hub, the UPT streetcar terminal, and the end of line streetcar shelter located at Carrollton and Claiborne. Vendor needs to provide two workers at each location for a total of six workers, plus one traveling supervisor. Vendor will also need to provide disposable cleaning rags. This is a 7 day a week contract from 12:00 pm to 5:00 pm daily. This CO will cover the additional cleaning needs from 7/1/2021 - 12/31/2021. Egle's monthly quote is \$20,427.08 (see back-up quote attached). This change order is for an additional six (6) months of service for a total of \$122,562.48.

DISCUSSION:

In an abundance of caution two small change orders were issued for additional Covid cleaning that started in late December 2020 and has continued through today. This request is to cover these services through the end of the calendar year. If it is determined that these services are not required for the entire period, they will be discontinued.

FINANCIAL IMPACT:

Egle's original contract for all RTA facilities is \$307,488.00. The prior change orders executed totaled \$131,205.40. The additional CO will cost the RTA \$122,562.48 if we extend it out to December 31, 2021. The total contract value will be \$561,255.88.

File #: 21-063

Finance Committee

NEXT STEPS:

Upon Board approval, procurement will issue the change order through December 31, 2021. During the performance of this contract, Operations and Safety will assess the need for the additional Covid cleaning based on the recommendations of the Center for Disease Control (CDC) and the Federal Transit Authority (FTA).

NEOGOV Change Order		
	der amendment to the NEOGOV umber of employees, implementing enter text. gement system. AGENDA NO: Click or tap here to enter text.	
ACTION REQUEST: ⊠ Ap	oroval □ Review Comment □ Information Only □ Other	

RECOMMENDATION:

Authorize the Chief Executive Officer to approve an amendment for the NEOGOV contract.

ISSUE/BACKGROUND:

The initial contract supported the 78 RTA employees without the benefits and learning management system. The contract was executed in February 2020 in the amount of \$53,291 for two years. This request will be the first amendment to this contract.

DISCUSSION:

Initial contract sufficed for agency size, approximately 78 employees, prior to the transition of 740 employees whereby the RTA became responsible for its own operations and maintenance with an initial workforce of 818 employees. Additionally, removing payroll time and attendance which is contracted with another vendor for the RTA and adding to NEOGOV the training learns management system and employee self-service benefits management.

FINANCIAL IMPACT:

The change order increase is \$134,972.25 totaling \$188,263.25. Budget code 1770002 8580 167

NEXT STEPS:

Move to the implementation phase and billed annually

A. Agreement and Applicable Modifications to the Agreement.

- Agreement. This Ordering Document and the Services purchased herein are governed by the terms of the Services Agreement either affixed
 hereto or the version most recently published prior to execution of this Ordering Document available at https://www.neogov.com/service-specifications, as well as the Service Specifications and applicable Schedules incorporated therein.
- 2. Effectiveness & Modification. Neither Customer nor NEOGOV will be bound by this Ordering Document until it has been signed by its authorized representative. This Order Form may not be modified or amended except through a written instrument signed by the parties.

B. General Terms Summary,

- 1. Summary of Fees. Listed above is a summary of Fees under this Order. Once placed, your order shall be non-cancelable and the sums paid nonrefundable, except as provided in the Agreement.
- 2. The Effective Date. This Order is made and entered into as of the date of Customer signature on this Order Document (the "Effective Date").
- 3. SaaS Subscription(s) Start Date. The Effective Date.
- 4. Billing Frequency. Annual. Net 30 from Customer receipt of NEOGOV invoice.
- Order of Precedence. This Ordering Document shall take precedence in the event of direct conflict with the Services Agreement, applicable Schedules, and Service Specifications.
- 6. Offer Validity. This Order is valid for 30 days from the date of Customer receipt of this Ordering Document unless extended by NEOGOV.

C. Special Conditions (if any).

- 1. The Subscription for the NEOGOV HRIS bundle purchase shall commence January 31,2020 and expire on January 31, 2022 ("the HRIS Bundle Purchase Initial Term")
- 2. HRIS Bundle Purchase Subscription Fees in the Initial Term shall be due net thirty (30) from the Effective Date.

IN WITNESS WHEREOF, the parties have caused this Order to be executed by their respective duly authorized officers as of the date set forth below, and consent to the Agreement.

AMENDMENT BY AND BETWEEN New Orleans Regional Transit Authority (LA) AND GOVERNMENTJOBS.COM, INC.

THIS AMENDMENT 1 (the "Amendment") is entered into on the Effective Date by and between the **New Orleans Regional Transit Authority (LA)** (the "Customer"), and **Governmentjobs.com**, **Inc.** (**dba "NEOGOV"**) a corporation registered and in good standing in the State of California (hereinafter referred to as "NEOGOV"). The Customer and NEOGOV may each be referred to individually as a "Party," or collectively referred to as the "Parties," in this Amendment. This Amendment and the Online Services Agreement shall collectively referred to as the "Agreement".

RECITALS

WHEREAS, the Customer and NEOGOV entered into a Service Agreement (the "Online Services Agreement") on February 10, 2020 for NEOGOV Insight, Position Management, Governmentjobs.com, Onboard, Perform, E-forms, Integrations, Core HR, Payroll, and Time & Attendance (the "Services"); and,

WHEREAS, Customer desires to remove NEOGOV Payroll and Time and Attendance; and,

WHEREAS, Customer desires to increase the number of users able access the Services by seven hundred (700) users; and,

WHEREAS, the Customer previously paid for the 01/31/21- 1/30/2022 Services Term in the amount of \$28,341.00 (the "2021 Service Fees"), and the Parties now desire to offer a credit for the 2021 Service Fees, of which shall be attributed to the Pro-rated Term described below; and,

WHEREAS, Customer desires to add NEOGOV Learn and NEOGOV Benefits SaaS Applications; and,

WHEREAS, the Parties decide to renew the Services at the renewal pricing listed herein after expiration of the Pro-rated Term; and,

NOW THEREFORE, in consideration of the foregoing and the mutual promises contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto agree as follows:

- 1. Customer's full time employee count bracket shall be modified to 800 849,
- 2. To add NEOGOV Lean and Benefits, remove NEOGOV Payroll and NEOGOV Time & Attendance, adjust the SaaS Application pricing to account for the increase in total employee count, and document the credit described in Section 3 of this Amendment, the Online Services Agreement Fee Summary shall be modified to the following:

Board Report and Staff Summary

File #: 21-081	Finance Committee	
General Bus Parts		
DESCRIPTION: Establishing a contraction	-	AGENDA NO: Click or tap here to enter text.
ACTION REQUEST: ⊠ Approval □	Review Comment Info	ormation Only □ Other

RECOMMENDATION:

To authorize the Chief Executive Officer to award contracts for bus parts be made to the two lowest responsive/responsible bidders, Mohawk MFG & Supply Co and Kenworth of Louisiana.

ISSUE/BACKGROUND:

The RTA issued a solicitation through IFB No. 2021-002 to procure non-proprietary parts for our bus fleet.

DISCUSSION:

Both new and old, buses require parts. The RTA set out to establish contracts that would provide necessary non-proprietary bus parts that would streamline the agency's ability to obtain and ensure competitive pricing.

Utilizing a solicitation process, the RTA is seeking to establish a contract for the purchase of non-proprietary bus parts. Establishing contracts through the form of an Invitation for Bid (IFB) allows the agency to streamline the procumbent process and ensure the best pricing. There were 431 parts listed that required the vendor to provide pricing. All vendors did not supply pricing for everything, but Mohawk MFG & Supply Co and Kenworth of Louisiana provided the most acceptable pricing to RTA.

FINANCIAL IMPACT:

The funding is currently available through local funding. The Cost is \$1,276,261 per year for a total two-year cost of \$2,552,522.

NEXT STEPS:

Upon RTA Board approval, staff will assign a purchase order as needed and procure parts as needed.

PROCUREMENT SUMMARY-IFB 2021-002

REQUIREMENTS

A Solicit Request Routing Sheet for General Bus Parts with attached scope of work was received by Procurement from Executive Office on March 9, 2021.

There was no DBE goal for this solicitation.

Procurement Policy:

The Independent Cost Estimate for this procurement is \$1,276,261.00 per year, which exceeds the Small Purchase threshold, therefore in compliance with the Regional Transit Authority of New Orleans Procurement Policies and Procedures Manual, Section VII.B. This procurement shall be conducted through formal advertisement (competitive means).

Procurement Method:

More than one responsive and responsible offeror can meet the solicitation requirements. Specifications furnished by the user department are complete, adesxquate, precise and realistic. No discussions or negotiations will be needed to address technical requirements, award will be made on lowest responsible/responsive bidder. Therefore, the IFB method of solicitation is selected as the method of procurement.

SOLICITATION

Invitation for Bids (IFB) No. 2021-002 Public Notice was published in the The Advocate. The Public Notice and the IFB 2021-002 were posted on the RTA website beginning 3/11/2021. The IFB submittal deadline was 4/8/2021 at 2:00pm.

IFB SUBMITTAL

Bid Opening was held on 4/8/2021 at 2:00pm. Adonis C. Expose' handled the receipt of all submissions received. Nine (9) bids were received.

DETERMINATION

Eight (8) bids were determined responsive and provided all required documents. One (1) bid was determined non-responsive due to not submitting any of the required documents.

SUBMITTAL ANALYSIS

Respondents	Pricing
Mohawk MFG & Supply Co.	See attached 431 Price List Breakdown
M & D Distributors	See attached 431 Price List Breakdown
Texas Alternator	See attached 431 Price List Breakdown
Kenworth of Louisiana	See attached 431 Price List Breakdown
Cummins Inc	See attached 431 Price List Breakdown

Southern Coach Parts Company	See attached 431 Price List Breakdown
Romaine Electric	See attached 431 Price List Breakdown
Neopart Transit LLC	Non-responsive

SUMMARY

Based on the information above the Bids received were prepared and sent to Procurement Director for further review. An Administrative Review Form was prepared by Adonis C Expose'.

Procurement Department: Recommend award be made to the 2 lowest responsive/responsible bidders, Mohawk MFG & Supply Co and Kenworth of Louisiana. There were 431 parts listed that required the vendor to provide pricing for. All vendors did not supply pricing for everything but Mohawk MFG & Supply Co and Kenworth of Louisiana provided the most pricing that were acceptable to RTA. It is in the best interest of RTA to award this bid to Mohawk MFG & Supply Co and Kenworth of Louisiana. I recommend this bid be award to Mohawk MFG & Supply Co and Kenworth of Louisiana.

RESOLUTION NO.
STATE OF LOUISIANA
PARISH OF ORLEANS
AUTHORIZATION TO AWARD A CONTRACT TO KENWORTH OF LOUSIANA and
MOHAWK MFG & SUPPLY CO FOR THE SUPPLY OF GENERAL BUS PARTS
Introduced by Commissioner
econded by Commissioner

WHEREAS, a company is needed that can supply machines that have the capability to test fluids in vehicles during Preventative Maintenance Inspections; and

WHEREAS, the staff issued an Invitation for Bid (IFB) 2021-002 for the acquisition of general bus parts for our entire bus fleet; and

WHEREAS, nine (9) bids were received and one (1) bid was deemed non-responsive after staff reviewed the bids in accordance with requirements prescribed by the RTA, Louisiana Public Bid Law, and the Federal Transit Administration; and

WHEREAS, the staff held a public bid opening and Kenworth of Louisiana and Mohawk MFG & Supply Co. were determined responsive after the completion of a price element review submitted in its bid which met the requirements of the RTA, FTA and all state and local guidelines; and

WHEREAS, staff evaluated over 400 cost components submitted by vendors and determined that two (2) vendors were needed to provide these items and the prices are fair and reasonable; and

504.827.8300

www.norta.com

RESOLUTION NO Page 2
WHEREAS, it is the opinion of the RTA Board of Commissioners that establishing a contract for
the supply of bus parts will positively impact our operation to acquire parts in a timely fashion; and
WHEREAS, funding for the above stated project is made available through, local funding for a
total cost of TWO MILLION FIVE HUNDRED FIFTY-TWO THOUSAND FIVE HUNDRED
TWENTY-TWO DOLLARS AND ZERO CENTS (\$2,552,522.00)
NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners of the RTA that the
Chairman of the Board, or his designee, is authorized to execute a contract with Kenworth of Louisiana
and Mohawk MFG & Supply Co.

Board Report and Staff Summary

File #: 21-083	Finance Committee	
On-Call Architectural/Engineerin	g Services - Small Business E	Interprise
DESCRIPTION: Request Board Contract to Asakura Robinson, E Consultants, Gotech, Inc., Infinit LLC, Integrated Logistical Suppo Manning Architects, MSMM Eng Engineering for On-Call Architect Certified Small Business Enterp	Batture, LLC, Gaea y Engineering Consultants, ort, Inc., Julien Engineering, ineering, Inc., and Pivotal etural/Engineering Services -	AGENDA NO: Click or tap here to enter text.
ACTION REQUEST: ⊠ Approva	al □ Review Comment □ In	formation Only

RECOMMENDATION:

To authorize the Chief Executive Officer to award a contract to the following firms for On-Call Architectural/Engineering Enterprises (A/E) which are Small Business Enterprises (SBE): Asakura Robinson, Battue, LLC, Gaea Consultants, Gotech, Inc., Infinity Engineering Consultants, LLC, Integrated Logistical Support, Inc., Julien Engineering, Manning Architects, MSMM Engineering, Inc., and Pivotal Engineering.

ISSUE/BACKGROUND:

The Infrastructure Department has determined a need to solicit for on-call architectural and engineering services for RTA's small engineering needs.

DISCUSSION:

The goal of this project is to have On-Call A/E certified SBE firms available to quickly respond to RTA's engineering needs. RTA received fourteen respondents to this RFP, thirteen were compliant, the highest seven scores were selected, because four firms were tied at seven, ultimately ten firms were selected. The selected firms will be required to perform engineering services needed for projects. The RTA will notify the A/E firm in writing to undertake a specific task order. After execution of an agreement, the Procurement Department will issue a formal Notice to Proceed that contains a Task Order authorizing the task and maximum not-to-exceed cost, for which the A/E may commence work. The A/E Firm shall commence the services for the specified tasks within ten (10) days after receipt of notification. This list will be active for five (5) years. A Firm's selection as the On-Call SBE Firm will not guarantee that the firm will receive project assignments. Staff will determine based on the project need when to solicit professional design services on a project specific basis. These contracts will not preclude an On-Call Firm or the team of firms from competing on other RTA solicitations.

File #: 21-083

Finance Committee

FINANCIAL IMPACT:

Funding for these contracts will be made available through 1280002.7070.173 and other sources as tasks are identified.

NEXT STEPS:

Upon RTA Board approval, staff will assign a task order as needed.

PROCUREMENT SUMMARY-RFQ 2020-035

REQUIREMENTS

A Solicit Request Routing Sheet for Professional A/E On-Call Services-Small Business with attached scope of work was received by Procurement from Executive Office on January 20, 2021.

There was a SBE goal of 100% established ffror this solicitation per the RTA Routing Sheet.

Procurement Policy:

There is no Cost Estimate for this solicitation as task will be assigned as needed and selection will be made on price for that specific task. In compliance with the Regional Transit Authority of New Orleans Procurement Policies and Procedures Manual, Section VII.B. This procurement shall be conducted through formal advertisement (competitive means).

Procurement Method:

More than one responsive and responsible offeror can meet the solicitation requirements. Specifications are not complete, adequate, and discussion will be needed to address technical requirements, award will be made two the top highest scoring professional service firms based on qualifications. Therefore, the RFQ method of solicitation is selected as the method of procurement.

SOLICITATION

Request for Qualification (RFQ) No. 2020-035 Public Notice was published in the The Advocate. The Public Notice and the RFQ 2020-035 were posted on the RTA website beginning 2/4/21. The RFQ submittal deadline was 3/4/21 at 2:00pm.

RFQ SUBMITTAL

Submittal deadline was 3/4/21 at 2:00pm. Adonis C Expose' handled the receipt of all submissions received. Fourteen (14) submissions were received. Submittal Log attached to Summary.

DETERMINATION

Fourteen (14) Proposals were received. One (1) proposal was determinded non-responsive due to not submitting any of the required documents.

ENO Maintenance Building - Exterior E	Envelope Repair	
DESCRIPTION: The roof structure is t coating applied and all penetrations (re		AGENDA NO: Click or tap here to enter text.
ACTION REQUEST: ⊠ Approval □	Review Comment Info	ormation Only

RECOMMENDATION:

To authorize the Chief Executive Officer to award a contract to C.D.W. Services LLC for the Scope of Work designated as Base Bid and Alternative 1 on the Louisiana Bid Form for the total amount \$580,000.

ISSUE/BACKGROUND:

Due to limited funding, the ENO Maintenance Building Exterior Repair was eliminated during the bid process in 2018 and only the repair to the Administration Building was offered for public bid. The 68,000 square feet of roof area for the maintenance building has many sources for water intrusion. The metal roof does not require replacement but requires that a coating is applied. Roof flashing will be replaced which is approximately 870 linear feet. The penetrations of the roof will receive new boots. Parapet cap is to be replaced. Lightning protection to be repaired and installed. Two vertical ladders for roof access are to be repaired.

DISCUSSION:

An engineering package which details the scope of work has been completed by CDM Smith Architects Inc. These drawings and specifications were the documents provided to potential bidders by way of the RTA ProcureWare System. The funding available will be sufficient for items designated as base bid that includes roof coating, system flashing, expansion joints, center high bay and roof accessories. Additionally, the scope will include the alternate 1, that includes sheet metal parapet cap replacement and lighting protection per the Engineering Package.

FINANCIAL IMPACT:

The construction funding is being made available by the following sources: LA040045.1050.117111, LA 2016-019.1132.114402B and LA 2019-016.1132.117208. Total from all three sources is \$747,495.51.

NEXT STEPS:

Upon RTA Board approval, an award letter will be issued to CDW Services, LLC and a purchase order will be requested.

CERTIFICATE OF AUTHORITY OF LIMITED LIABILITY COMPANY

Date:	April 15, 2021	
Date.	/ 10111 10, LUL 1	

The undersigned (the "Members") hereby certify that the Members are all of the members of C.D.W. SERVICES, L.L.C. (the "Company") or all of the members or managers of the Company required by the Company's articles of organization or operating agreement or contract to transact the Company's business and to grant the authority granted herein. Each of the Members hereby certifies that the Company is a lignited liability company or domestic limited liability company, as such terms are defined in La. R. S. 12:1301, organized under the laws of the State of Louisiana and registered with the Louisiana Secretary of State in accordance with La. R.S. 12:1301, et seq., or a foreign limited liability company authorized to do business in the State of Louisiana pursuant to a certificate of authority issued by the Louisiana Secretary of State pursuant to La. R.S. 12:1342, et seq.

The Members hereby authorize, name, constitute and appoint:

CHRISTOPHER D. WALKER (referred to as "Authorized Individual" whether one or more, with any one of them having full authority to act alone on behalf of the Company) for and in the name and on behalf of the Company to do the following, until written instructions to the contrary are provided by the Company;

- Authority to conduct, manage, and transact the business and affairs for and on behalf of the Company; to purchase, sell, transfer, and convey or to mortgage real estate and to receive the price thereof, in the name of the Company, on such terms and conditions as said Authorized Individual shall deem proper in said Authorized individual's sole and uncontrolled discretions, and receive and receipt for rents and proceeds thereof as the same shall fall due; to make, sign and execute in name of the Company, all acts, whether of sale, mortgage, lease, re-lease, contract, compromise, covenant, deed, assignment, agreement, tax returns or otherwise, that shall or may be requisite or necessary; or containing such terms, conditions and provisions as said Authorized Individual shall deem fit and proper and bind the Company thereby as firmly as if same were or had been its own proper act and deed; to ask, demand, have, take, sue for and by all lawful ways and means to recover and receive of and from all and every persons, firms or Company, all and every sum' of money, goods, debts, property and effects whatsoever, that now is or are or may hereafter be in his, her, their or its custody or possession, due, owing, coming or belonging to the Company, whether by bills, notes, book-debts, accounts, consignments, or for and by any reasons or means whatsoever, and to that end with whom it may concern, to accept and settle all accounts, and upon recovery and receipt, the premises to make and give good and sufficient discharge and acquaintances; to appear before all courts of law, and there to do, prosecute and defend, as occasion shall require, or to compromise, compound and agree in the premises, by arbitration or otherwise, as the said Authorized Individual shall in said Authorized Individual's discretion, think fit, also to apply for and obtain all and any attachments, sequestrations, injunctions and appeals, or give the requisite security and sign the necessary bonds; negotiate, settle, and compromise any and all causes of action associated to the damaging of any property described herein; to receive and receipt any and all proceeds thereof and to execute any and all documents or compromise agreements or settlement agreements in association therewith; and generally to do and perform all and every other act, matter and thing whatsoever as shall or may be requisite or necessary in the premises, as in the sole discretion of said Authorized Individual may seem requisite or proper, all as fully, amply and effectually, and to all intents and purposes with the same validity as if all and every such act, matter or thing, were or had been particularly stated, expressed and especially provided for, or as the Company could or might do if personally present; also with full power of substitution and revocation;, and the said Company hereby agrees to ratify and confirm all and whatsoever the said Authorized Individual shall lawfully do or cause to be done by virtue of this Certificate of Authority.
- ii) Further, Authorized Individual is hereby authorized and empowered to appear before a Notary Public to sign and execute on behalf of the Company any and all documents necessary to perform the within described acts which he in his sole discretion shall deem necessary and proper. The Company and all members thereof shall be bound by all instruments, documents, agreements, and other writing executed by the Authorized Individual.
- iii) Further, that any and all action taken by Authorized Individual in Connection with this Certificate of Authority is hereby ratified and confirmed.
- iv) All persons, firms or corporations shall be entitled to rely on the authority granted herein to the Authorized Individual unless or until written instructions to the contrary signed by the Members are received by them.

SURETY:

(Name, legal status and principal place of business)

Lexon Insurance Company 10002 Shelbyville Rd., Suite 100 Louisville, KY 40223 This document has important legal consequences. Consultation with an attorney is encouraged with respect to its completion or modification.

Any singular reference to Contractor, Surety, Owner or other party shall be considered plural where applicable.

OWNER:

(Name, legal status and address)

New Orleans Regional Transit Authority 2817 Canal Street New Orleans, LA 70119

BOND AMOUNT: FIVE PERCENT (5%) OF AMOUNT BID Dollars

PROJECT:

(Name, location or address, and Project number, if any) ENO Maintenance and Office Buildings Exterior Envelope Repairs. 3900 Desire Parkway, New Orleans, LA 70126; IFB #2020-021

The Contractor and Surety are bound to the Owner in the amount set forth above, for the payment of which the Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, as provided herein. The conditions of this Bond are such that if the Owner accepts the bid of the Contractor within the time specified in the bid documents, or within such time period as may be agreed to by the Owner and Contractor, and the Contractor either (1) enters into a contract with the Owner in accordance with the terms of such bid, and gives such bond or bonds as may be specified in the bidding or Contract Documents, with a surety admitted in the jurisdiction of the Project and otherwise acceptable to the Owner, for the faithful performance of such Contract and for the prompt payment of labor and material furnished in the prosecution thereof; or (2) pays to the Owner the difference, not to exceed the amount of this Bond, between the amount specified in said bid and such larger amount for which the Owner may in good faith contract with another party to perform the work covered by said bid, then this obligation shall be null and void, otherwise to remain in full force and effect.

The Surety hereby waives any notice of an agreement between the Owner and Contractor to extend the time in which the Owner may accept the bid. Waiver of notice by the Surety shall not apply to any extension exceeding sixty (60) days in the aggregate beyond the time for acceptance of bids specified in the bid documents, and the Owner and Contractor shall obtain the Surety's consent for an extension beyond sixty (60) days.

If this Bond is issued in connection with a subcontractor's bid to a Contractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

When this Bond has been furnished to comply with a statutory or other legal requirement in the location of the Project, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

Scope of Work/Services

Title of Project: Exterior envelope repair of the Maintenance Building located at 3900 Desire Parkway, New Orleans, LA 70126.

I. Introduction

The RTA is seeking proposals for the performance of work to waterproof the roofing on its New Orleans East Maintenance Building.

II. Background

The original exterior envelope repair package developed by CDM Smith addressed all sources of water intrusion to the facility. The building has 68,380 square feet. Due to the large scope only the leak paths from the roof structure will be in this bid package.

III. Overview of Scope of Work

The project will address roof coating of 68,000 square feet, 870 linear feet of flashing, 240 linear feet of expansion joints and replacement of 46 each roof penetrations (boots). Parapet cap to be replaced. Repair and reinstall lightning protection system. Repair two ladders.

IV. General Requirements:

A pre-bid mandatory site visit is required in order to bid. Due to the COVID-19 environment, the site visit will be limited to two individuals at any on-site (RTA properties) meetings. Please follow social distancing of six feet and avoid direct contact with persons and surfaces. COVID-19 PPE is required (facemask and gloves). At contractor's own cost and expense, contractor shall comply with all laws, ordinances, rules, and regulations of the federal, state, local and OSHA authorities and departments relating to the scope of work. Contractor shall secure and obtain all Occupational licenses, Proof of Insurance, permits and certifications. Should a bidder find discrepancies in or omissions from specifications, or other documents, or be in doubt as to their meaning, notify the RTA Procurement Department. All work shall be performed by the approved contractor or sub-contractor. A list of sub-contractors shall be submitted with bid.

V. Construction Schedule:

The project is to be completed in 180 calendar days. It shall commence with a notice to proceed and the substantial completion shall be within the 180-day schedule.

RESOLUTION NO.
STATE OF LOUISIANA
PARISH OF ORLEANS
AUTHORIZATION TO AWARD A CONTRACT TO C.D.W. SERVICES, LLC FOR THE
SCOPE OF WORK DESIGNATED AS BASE ITEM IN THE LOUISIANA UNIFORM
PUBLIC BID FORM
Introduced by Commissioner
econded by Commissioner
WHEREAS, due to limited funding, the ENO Maintenance Building Exterior Repair was
iminated during the bid process in 2018 and only the repair to the Administration Building was offered
or public bid; and
WHEREAS, the 68,000 square feet of roof area for the maintenance building has many sources
or water intrusion; and
WHEREAS, the metal roof does not require replacement but requires that a coating eliminated is
oplied. Roof flashing will be replaced which is approximately 870 linear feet; and
WHEREAS, the penetrations of the roof will receive new boots. Parapet cap is to be replaced
WHEREAS, lightning protection to be repaired and installed. Two vertical ladders for roof access
re to be repaired

Canal Street Ferry Termin	al Project Amendment Request to W	oodward-APC's Contract
	•	AGENDA NO: Click or tap here to enter text.
ACTION REQUEST: ⊠ A	pproval □ Review Comment □ Inf	formation Only □ Other

RECOMMENDATION:

To authorize the Chief Executive Officer to amend Woodward-APC's contract to include additional Jackson Ave. Barge repair work to the Canal Street Ferry Terminal project.

ISSUE/BACKGROUND:

In March 2021, C&C Marine, sub-contractor to Woodward-APC, was issued a notice to proceed with modifying the Jackson Ave. Barge into the Canal Street Ferry Terminal (CSFT) project's Temporary Berthing. As part of C&C's scope, C&C completed an Ultrasonic Thickness (UT) test to determine if the barge had sustained any significant losses in thickness. The UTI test yielded that large sections of the hull beneath the waterline had sustained losses of over 25% to 30% of its original thickness.

MiNO, marine engineer subcontracted to Infinity, reviewed the UT test results and stated since these losses were over allowable industry standard thresholds, that it is recommended diminished sections of hull be removed and replaced in order for the barge to be seaworthy.

DISCUSSION:

Due to the excessive percentage of hull thickness loss, if repairs are not performed, then the barge would be at an unacceptable level of risk for capsizing and/or sinking due to hull failure. Repairs are required to eliminate all safety risks and bring the barge into a seaworthy state. According to the Marine Engineer MiNO, the barge's seaworthiness applies to both short term use and long-term use, so repairs will be required even for Temporary Berthing use.

According to MiNO and Dupont-LeCorgne, there are two reasons the UT test could not have been performed prior to dry docking. The first was due to hazardous liquids and gases discovered in multiple barge chambers. These compartments were required to be cleaned during dry docking to safely perform the UT test. The second was due to testing accuracy. A visual inspection was required to accurately determine locations for data points, which is not possible while the barge is in water.

FINANCIAL IMPACT:

Total cost for this work is \$224,976.69 rough order of magnitude to complete the additional repairs,

File #: 21-086

Finance Committee

and will be funded through Grant LA 2017-019.12.23.06, which has an available balance of \$300,000.00.

NEXT STEPS:

Upon Board approval, staff will amend Woodward-APC's contract to include repair work in their contract.

During the performance of this contract, staff will conduct ongoing dialogue to the Board during the project development.

CHANGE ORDER REQUEST TITLE: CE #076 - Revisions to Temporary Barge Scope of Work Based on 05/03/21 Shipyard Meeting

CHANGE ORDER REQUEST DESCRIPTION:

CE #076 - Revisions to Temporary Barge Scope of Work Based on 05/03/21 Shipyard Meeting Revision 1 - 05/07/2021

This change order request is for additional work requested by the RTA during the 05/03/21 meeting at the shipyard. At the meeting twelve new non-electrical work items were identified. These are listed below.

The pricing from C&C Marine Repair is for the twelve scope change items. The attachment has a pricing breakdown by Item Number. Note the electrical scope changes will be priced in a separate change order request.

- Item No. 1: Crop & renew (C/R) lower half of formed side and bilge knuckle for barge length (shoreside)
- Item No. 2: C/R lower half of formed transom and bilge knuckle for barge width (downriver end)
- Item No. 3: C/R slope sheet and 3'-00" of #1 bottom for barge width (upriver end)
- Item No. 4: C/R (1) 3/8" x 6'-0" x 10'-0" section of flat bottom (on C/L, forward of midship)
- Item No. 5: Gouge and weld 725'-0" of longitudinal and transverse bottom weld seams
- Item No. 6: Blast and paint sides and ends below water line and flat bottom
- Item No. 7: Seal-off all penetrations and skip-welds in beams in way of ramp recess
- Item No. 8: Remove, furnish, and install steel door and frame at entrance to machinery space
- Item No. 9: Eliminate all trip hazards along main deck
- Item No. 10: Crop (2) areas of spill containment and above deck piping cap piping below deck, insert deck penetrations
- Item No. 11: Straighten and re-weld all above-deck vent piping
- Item No. 12: Furnish and install 13 additional anodes

To: Tom Abernathy **Subject:** Unit Price Breakdown

Tom,

Please see below for the breakdown of (2) unit prices provided for Change Order 1:

- 1. Items 1 4: Cropping and Renewing Various Sections of Hull Plating
 - a. Unit Rate = \$4.00 / #
 - i. Steel (plate & structure) = \$0.92 / #
 - ii. Consumables (welding / cutting gases, welding rods / wire, etc.) = \$0.18 / #
 - iii. Pre-fabrication (NC-cutting, bending, etc.) = \$0.55 / #
 - iv. Crop old sections from barge = \$0.65 / #
 - v. Fit new sections to barge = \$0.90 / #
 - vi. Weld = \$0.80 / #

Please note that, due to current volatility in steel prices, steel prices have already increased since we submitted the proposed costs for Change Order 1. Even with the increased steel price, we will honor our original quote if Change Order 1 is approved by Thursday, May 20th.

- 2. Item 6: Renew Remaining External Coatings
 - a. Unit Rate = \$3.90 / square foot
 - i. Blast barge = \$0.55 / sf
 - ii. Paint barge = \$0.85 / sf
 - iii. Paint & thinner = \$1.15 / sf
 - iv. Consumables (blast media, power, natural gas, misc. paint supplies) = \$1.35 / sf

Please let me know if you have any questions.

Best,

Michael

Change Order Request #026 Recommendation for Approval

Dear Stephen:

Royal Engineers & Consultants LLC (Royal) in conjunction with Dupont LeCorne Construction Consultants (DLCC) have reviewed the above referenced Change Order Request from Woodward APC and recommend acceptance of this Change Order Request for \$224,976.69.

Summary:

This Change Order Request is for additional rehabilitation work for of the Temporary Boarding Barge based on additional work requested by the RTA during the 05/03/21 meeting at the shipyard and based on the Ultrasonic Thickness Inspection (UTI) test to determine if the barge had sustained any significant losses in thickness. The UTI test yielded that large sections of the hull beneath the waterline had sustained losses of over 25% to 30% of its original thickness.

The scope of work for the change order includes the following:

- Item No. 1: Crop & renew (C/R) lower half of formed side and bilge knuckle for barge length (shoreside)
- Item No. 2: C/R lower half of formed transom and bilge knuckle for barge width (downriver end)
- Item No. 3: C/R slope sheet and 3'-00" of #1 bottom for barge width (upriver end)
- Item No. 4: C/R (1) 3/8" x 6'-0" x 10'-0" section of flat bottom (on C/L, forward of midship)
- Item No. 5: Gouge and weld 725'-0" of longitudinal and transverse bottom weld seams
- Item No. 6: Blast and paint sides and ends below water line and flat bottom
- Item No. 7: Seal-off all penetrations and skip-welds in beams in way of ramp recess

- Item No. 8: Remove, furnish, and install steel door and frame at entrance to machinery space
- Item No. 9: Eliminate all trip hazards along main deck
- Item No. 10: Crop (2) areas of spill containment and above deck piping cap piping below deck, insert deck penetrations
- Item No. 11: Straighten and re-weld all above-deck vent piping
- Item No. 12: Furnish and install 13 additional anodes.

Engineer's Review:

Infinity and MiNo, marine engineer subcontracted to Infinity, reviewed the scope included in the COR and confirmed that all these items are all changes to the original scope of work for the Temporary Barge Repair outlined in RFP 002. MiNo, marine engineer subcontracted to Infinity, reviewed the UTI results and stated since these losses were over allowable industry standard thresholds, that it is recommended that sections of hull that are greater than 25% diminished be removed and replaced. If repairs are not completed, the barge is at risk for capsizing and/or sinking due to hull failure. A meeting was held on 5/7/2021 with RTA's Project Manager, RTA's Marine division, Labmar, Royal, and MiNo to discuss the scope further in detail and jointly agreed the work was necessary to protect the general public and ensure and safe and secure temporary boarding barge.

The breakdown of quantities included in this change order have been provided by C&C and reviewed and approved by Mino and Royal. The quantities provided match the replacement sheet steel and the 40% of supporting steel estimated was confirmed by Mino as industry standard and demonstrated in photos and further explanation.

Cost Review:

Royal and DLCC have reviewed the costs and recommend approval based on the estimate provided. We have verified that this change order meets the minimum criteria for approval set by the RTA including:

- 1. That the Change Order does not include any apparent errors
- 2. That all back-up is included where appropriate
- 3. That insurances, overhead, and profit are reasonable

Mino, RTA, Royal, and DLCC performed reviews of the quantities provided and requested the quantities and unit pricing to be broken down clearly to see exactly how it was priced. Mino performed their own quantity takeoff which was sent to the contractor to explain the discrepancies. A meeting held on 5/20/2021 including the contractor, C&C, MiNo, Royal and the RTA reviewed the additional breakdown provided and concluded that the quantities were in fact justified based on the 40% miscellaneous steel being industry standard and confirmed by MiNo for this work.

DLCC performed a review of the unit price of \$4.00 per pound of steel for removing and replacing the steel including the reinstallation of miscellaneous support steel was reasonable. DLCC contacted two steel suppliers and determined that the base cost of the steel material only was in line with current market conditions, and that a recent \$100/ton price increase for plate steel was just issued and that new escalations were imminent for the supporting structural. DLCC also contacted a steel erector to review the grooving

and rewelding unit rate and determined that the production rate was reasonable as well as the labor hour rate for the welder. C&C provided a schedule of the additional work within the overall schedule of the barge repairs.

Outcome of Review:

From these comments the contractor provided reasonable backup for items requesting additional backup. The COR was deemed to be reasonable, the quantities confirmed as accurate, and the pricing in accordance with industry standards.

If you have any questions regarding this matter, please feel free to contact me.

Sincerely,

ROYAL ENGINEERS & CONSULTANTS, LLC

Subject: RE: COR 026 - Additional Work on the Jackson Avenue Barge while at the shipyard

Steve,

For a barge intended for service as a ferry landing, I would characterize the hull repairs identified during the site visit on 05/03/2021 as necessary. And, I would agree that these repairs are required for temporary use, but the term "temporary use" can be somewhat disingenuous. The project refers to the Jackson Avenue barge as the temporary barge and used for temporary service, but the Jackson Avenue barge will be the landing used until the Canal Street barge is delivered—it may be temporary, but the Jackson Avenue barge is the ferry landing until it isn't.

The UT survey (hull diminution) is absolutely good marine practice and among the most common methods used along with visual inspection when determining the extent of hull repairs when vessels are in drydock. The allowable limit set for the amount of measureable hull corrosion/pitting (steel wastage) was 25% of the original hull thickness, which also conforms with US Coast Guard's NAVIGATION AND VESSEL INSPECTION CIRCULAR NO. 7-68 (Notes on Inspection and Repair of Steel Hulls), which in part reads...

(C) CORROSION LIMITS - GENERAL

Service experience of the classification society, which forms the basis for their rules on the construction of ships, indicates that for most portions of a vessel, without other weakening factors, a local thickness deterioration of up to about 25 percent may be accepted before replacement is necessary. This is based in part on the condition usually found aboard ship that all structural members do not deteriorate uniformly. This means, in the application of this percentage, considerable judgement is called for depending upon the location and extent of wasted material. Localized wastage of some portions of plates or structural members in excess of 25 percent may be accepted in many cases, if the condition of the adjacent material is sufficiently good to maintain an adequate margin of strength. In these instances, careful attention should be given that a local deterioration does not result in a radical change in section or general weakening which could act as a notch. On the other hand, there may be instances where either general or localized wastages of less than 25 percent would call for replacement of material. These exceptions are dealt with in paragraphs (D) through (G) and in the discussions of the individual major hull components.

The frequency of shots/gauges along the port and starboard side shell, and the hull bottom that exceeded the 25% wastage warrant the scope to crop and renew the sections of hull plate identified during the site visit. Which is to say that the repairs are required per the approved Statement of Work (350300). Coincidently, these hull repairs not only check the box for the immediate objective to use the Jackson Avenue as the ferry landing until the Canal Street landing is delivered, but the hull repairs made now (i.e. crop/renew steel and blast/paint) also extends the service life of the barge in general.

And, the scope to crop/renew steel is consistent with the comment, "RTA has been very clear that we should only be doing work necessary for temporary use, and not long term", as the scope to crop/renew focuses on the sections of the hull where the measurements exceeded the 25% limit. More long term repairs would have taken into account those measurements which were less than 25%.

That being said, the owner has the authority to decline/amend the hull repairs as this is an uninspected vessel, but the UT data and the visual inspection indicate that the amount of steel wastage along the side shell and hull bottom requires some degree of refurbishment. And, the extent of steel to crop/renew estimated by C&C corresponds with the existing condition of the hull.

Conversely, the bare minimum hull repairs would be to patch the holes found in the side shell and waive the blast/paint as well. Which is where the risk calculation becomes significant. The probability that the landing's seaworthiness becomes an issue is relatively higher with the bare minimal repairs compared to crop/renew steel estimated by C&C.

Keep in mind that the barge must maintain a specific draft condition to facilitate embarking passengers. The hull repairs noted above provides a reliable degree of confidence that the landing's seaworthiness will remain intact, notwithstanding an incident. However, the reliability that the existing hull condition will remain watertight with the bare minimal hull repairs is the calculation. And, should the Jackson Avenue barge sustain flooding as a result of steel wastage while it is operating as a ferry landing, then there should be some expectation as well to discontinue ferry landing service to make corrective maintenance repairs on site, as opposed to doing the preventative maintenance now to minimize the probability and frequency of corrective maintenance while the Jackson Avenue barge is in service.

Should the RTA have further inquiries about the hull repairs please let me know.

Kind regards,

Brett Hubrig Project Engineer & Shipyard Liaison MiNO Marine 504.218.8162 (o)

Subject: RE: COR 026 - Additional Work on the Jackson Avenue Barge while at the shipyard

Thank you Brett,

I'm confused as we understood differently at our meeting last week. I raised a similar question and was told that these repairs were required for temporary use.... What information is needed to evaluate safety risk? Woodward-APC is requesting an additional 7 weeks on top of the current delay....

FTA has been very clear that we should only be doing work necessary for temporary use, and not long term.

Steve

Subject: RE: COR 026 - Additional Work on the Jackson Avenue Barge while at the shipyard

Steve,

I received a call from Rick Dupont this afternoon regarding the UT inspection performed on the Jackson Avenue barge. Rick had a few questions about the whether the scope to crop and renew steel is more of a short-term fix (1-2 years) to satisfy the duration of temporary service, or is the scope to crop and renew steel sufficient for extended service (5+ years). Rick also asked if the hull repairs could be postponed to a date after temporary service to minimize the impact to schedule and price to the current repair availability.

My understanding of the extent of steel to crop and renew is not a short-term fix, but rather a quantitative approach to repair the hull for an extended period and in keeping with industry standards.

And, the question about postponing the hull repairs seems more of a risk calculation than interpreting the UT test data. For instance, the UT test data alone is only one data point. The original steel plate thickness, condition of hull coatings and anodes, the type of water (fresh or salt) the vessel operates in, and the type of service are all relevant factors.

I am available to continue the conversation about the hull repairs with Rick and others via a Teams meeting or a site visit. Attachment: NVI UT Report PONTOON B REV 1 - SIGNED Kind regards, **Brett Hubrig** Project Engineer & Shipyard Liaison MiNO Marine 504.218.8162 (o) From: Brett Hubrig **Sent:** Friday, May 07, 2021 2:50 PM To: Rick Dupont < rick@dupontlecorgne.com> Cc: Imbrie Packard <ipackard@royalengineering.net>; Rachel Kenney <rkenney@infinityec.com>; Mitchell, Stephen <smitchell@rtaforward.org> Subject: RE: COR 026 - Additional Work on the Jackson Avenue Barge while at the shipyard Rick,

The maximum allowable diminution criteria used for the Jackson Avenue barge was 25% of the original steel plate thickness. For the below Items 1 through 4, the original steel thickness was 0.375 inches (3/8"), which means any measurements (gauges) taken that were less than 0.28125 inches failed the allowable limits set forth for corrosion/pitting.

The original drawings for the Jackson Avenue barge (Pontoon B), reference 'Plans for the Purchase of Pontoon Barges for the Mississippi River Bridge Authority of the State of Louisiana', are dated 1976.

Kind regards,

Steve and Rachel,

Please see the following review comments of the new Work Items identified in, "CE #076 - Revisions to Temporary Barge Scope of Work Based on 05/03/21 Shipyard Meeting":

Item No. 1: Crop & renew (C/R) lower half of formed side and bilge knuckle for barge length (shoreside).

Item No. 1 is recommended.

C/R lower half of formed (starboard) side and knuckle coincides with the UT Report (UT-321-0711); reference 'Page 1' and NVI sketch on PDF page 11.

Approximately 95% of the hull gauges that exceeded the maximum allowable diminution (25% of the original steel thickness) are located at or below the lower half of the side shell.

Recommend that the shipyard confirm that the, "lower half of formed side", is equivalent to 3'-3" up from lower knuckle.

Item No. 2: C/R lower half of formed transom and bilge knuckle for barge width (downriver end).

Item No. 2 is recommended.

C/R lower half of formed transom and knuckle coincides with the UT Report (UT-321-0711); reference 'Page 4' and NVI sketch on PDF page 19.

Approximately 97% of the hull gauges that exceeded the maximum allowable diminution (25% of the original steel thickness) are located at or below the lower half of the transom.

Recommend that the shippard confirm that the, "lower half of formed side", is equivalent to 3'-6" up from baseline.

Item No. 3: C/R slope sheet and 3'-00" of #1 bottom for barge width (upriver end).

Item No. 3 is recommended.

C/R slope sheet and 3' of #1 bottom coincides with the UT Report (UT-321-0711); reference Page '3-1' and NVI sketch on PDF page 17.

Recommend confirming with the shipyard that Item No. 3 includes C/R the shell plate for the port and starboard skeg features in way of the raked bow.

Item No. 4: C/R (1) 3/8" x 6'-0" x 10'-0" section of flat bottom (on C/L, forward of midship).

Item No. 4 is recommended.

C/R 6' x 10' section of bottom plate on C/L forward of midships coincides with the UT Report (UT-321-0711); reference 'Page 3-1' and sketch of gauges found on PDF page 19. Item No. 4 will repair wasted steel in way of hull gauge numbers 84 through 90, all of which exceeded the maximum allowable diminution.

Item No. 5: Gouge and weld 725'-0" of longitudinal and transverse bottom weld seams.

Item No. 5 is recommended.

Although the UT report does not specifically address weld seams, after the visual inspection of the underwater body performed on 05/03/2021 the scope of work covered by Item No . 5 is appropriate.

Item No. 6: Crop fenders and extensions from forward and aft ends of river-facing side of barge – Included in original scope.

MiNO: No comment.

Item No. 7: Crop longitudinal beams near fenders and extensions in Item No. 5 - – Included in original scope. MiNO: No comment.

Item No. 8: Blast and paint sides and ends below water line and flat bottom.

Item No. 8 is recommended.

The data from the UT report confirms that there is significant corrosion/pitting at and below the waterline. Although the above Item Nos. 1 through 5 provides the necessary steel remediation, the original scope does not account for any underwater coatings. All of the steel remediation covered by Item Nos. 1 through 5 must be blasted and painted. And, given the extent of hull steel corrosion below the waterline it is good marine practice to blast and paint the underwater body in its entirety for: (1) preventative maintenance to extend the life of the existing/new steel, and (2) the cleaning/blasting process provides the necessary substrate profile for the new coating system to adhere to.

Item No. 9: Seal-off all penetrations and skip-welds in beams in way of ramp recess.

Item No. 9 is questionable. Defer to LABMAR to confirm whether Item No. 9 is necessary. Sealing-off all penetrations includes the holes located across the top as well.

Item No. 10: Remove, furnish, and install steel door and frame at entrance to machinery space.

Item No. 10 is recommended.

Item No. 11: Eliminate all trip hazards along main deck.

Item No. 11 is recommended.

Note that the SOW (350300-1), Work Item 602, includes removal of four (4) deck stools. Likewise, recommend confirming with the shipyard that Item No. 11 is for tripping hazards other than these four (4) deck stools.

Item No. 12: Crop (2) areas of spill containment and above deck piping – cap piping below deck, insert deck penetrations.

Item No. 12 is recommended.

Item No. 13: Straighten and re-weld all above-deck vent piping.

Item No. 13 is recommended.

Item No. 14: Furnish and install additional anodes (if necessary) - \$130.00 per added Anode (Not included in COR total).

Note that the SOW (350300-1), Work Item 606, includes twenty (20) zinc anodes (22 pounds each). Likewise, recommend confirming with the shippard that Item No. 14 is for anodes exceeding the twenty (20) per the SOW.

Kind regards,

Brett Hubrig

Independent Cost Estimate (ICE)

INDEPENDENT COST ESTIMATE SUMMARY FORM

Project Name/Number: Canal Street Ferry Terminal RFQ# 2019-007
Date of Estimate: 5/20/2021
Description of Goods/Services:
Additional Repairs to the Jackson Ave. Barge
New Procurement Contract Modification (Change Order) Exercise of Option
Method of Obtaining Estimate:
Attach additional documentation such as previous pricing, documentation, emails internet screen shots, estimates on letterhead, etc.
Published Price List (attach source and date)
Historical Pricing (attach copy of documentation from previous PO/Contract)
Comparable Purchases by Other Agencies (attach email correspondence)
Engineering or Technical Estimate (attach)
Independent Third-Party Estimate (attach)
Other (specify) attach documentation
✓ Pre-established pricing resulting from competition (Contract Modification only)
Through the method(s) stated above, it has been determined the estimated total cost of the goods/services is \$_(224,976.69)
The preceding independent cost estimate was prepared by:
Stephen Mitchell 5/20/2021
Name Date

	INDEPENDENT COST ESTIMATE PCCOR 026 - Addiotnal Temporary Berthing Work CANAL STREET FERRY TERMINAL PROJECT														
#	DESCRIPTION	RATE	UNIT	QUANTITY	EXTENDED	NOTES									
1	Crop & renew (C/R) lower half of formed side and bilge knuckle for barge length	3.75	per lb.	16686	62,572.50	Similar work was competively bid and established in Woodward-APC's Contract RFQ 2019-006, Amend. #004 (PCCOR #12). Rate is based on C&C's bided rate in February 2021. Rate is less due to rise in steel costs since the bid.									
2	C/R lower half of formed transom and bilge knuckle for barge width	3.75	per lb.	4420	16,575.00	Similar work was competively bid and established in Woodward-APC's Contract RFQ 2019-006, Amend. #004 (PCCOR #12). Rate is based on C&C's bided rate in February 2021. Rate is less due to rise in steel costs since the bid.									
3	C/R slope sheet and 3'-00" of #1 bottom for barge width	3.75	per lb.	8575	32,156.25	Similar work was competively bid and established in Woodward-APC's Contract RFQ 2019-006 , Amend. #004 (PCCOR #12). Rate is based on C&C's bided rate in February 2021. Rate is less due to rise in steel costs since the bid.									
4	C/R (1) 3/8" x 6'-0" x 10'-0" section of flat bottom	3.75	per lb.	1287	4,826.25	Similar work was competively bid and established in Woodward-APC's Contract RFQ 2019-006 , Amend. #004 (PCCOR #12). Rate is based on C&C's bidded rate in February 2021. Rate is less due to rise in steel costs since the bid.									
5	Gouge and weld 725'-0" of longitudinal and transverse bottom weld seams	108.00	per hr	120	12,960.00	Welding price taken from Bollinger competivie pricing submitted in PCCOR #012 Bollinger quoted \$54 per hr. C&C anticipated 15 days (120 hrs). Assuming two welders, =\$54 * 2 persons * 8 hrs/day * 15 days.									
6	Blast and paint sides and ends below water line and flat bottom	5.75	per sq.ft	6411	36,863.25	Rate taken from Pointer Smith contract. As poles are roughly 16,200 sq.ft of area, and bid item was \$2, unit rate is \$5.75 per sq.ft. Note: Work is similar, but one is sand blasting and painting an OCS Pole, while this is sandblasting and painting a barge hull which is different.									
7	Seal-off all penetrations and skip-welds in beams in way of ramp recess	108.00	per hr	80.75	8,721.00	Welding price taken from Bollinger completive pricing submitted in PCCOR #012 Bollinger quoted \$54 per hr. C&C anticipated 15 days of work. Assuming two welders, = \$54 * 2 persons * 8 hrs./day * 15 days									
8	Remove, furnish, and install steel door and frame at entrance to machinery space	58.00	per hr.	32.5	1,885.00	Rate is taken from A&A price, a sub to Woodward-APC, for similar work. Rate is price for a Foreman per hour									
9	Eliminate all trip hazards along main deck	58.00	per hr.	60	3,480.00	Rate is taken from A&A price, a sub to Woodward-APC, for similar work. Rate is price for a Foreman per hour									
10	Crop (2) areas of spill containment and above deck piping – cap piping below deck, insert deck penetrations	58.00	per hr.	84.5	4,901.00	Rate is taken from A&A price, a sub to Woodward-APC, for similar work. Rate is price for a Foreman per hour									
11	Straighten and re-weld all above-deck vent piping	108.00	per hr.	35	3,780.00	Welding price taken from Bollinger completive pricing submitted in PCCOR #012 Bollinger quoted \$54 per hr. C&C anticipated 15 days of work. Assuming two welders, = \$54 * 2 persons * 8 hrs./day * 15 days									
12	Furnish and install additional anodes	300.00	per anode	13	3,900.00	Rate provided by Lamar, which Includes material and labor.

CERTIFICATE OF

Recognized Service Supplier

This is to certify that

NVI, Nondestructive & Visual Inspection, LLC

located at

2449 W Park Ave, Gray, LA 70359

having been audited by ABS and having given a satisfactory practical demonstration of the service listed below, is recognized by ABS as a Service Supplier to provide services which ABS Surveyors may rely on to make decisions affecting classification or statutory surveys.

Hull Gauging

Attached Certificate Appendix provides specific scope of approval, authorized personnel, manufacturer authorizations, and subcontractors.

It is the responsibility of the Service Supplier to employ, train and qualify persons in the service provided. If the service requires approval from manufacturers, the Service Supplier is responsible to maintain contact with the manufacturer and maintain any service manuals up to date. Where required by the category of service, the Service Supplier shall provide valid evidence that it is authorized or licensed by the equipment manufacturer to service the makes and models of equipment for which approval is sought. If approval from the manufacturer is not attained, a surveyor must be present at time of survey to continue work. Alternatively, current written instructions from the flag state are to be obtained to continue work without the surveyor present. Service Suppliers must present photo identification, evidence of qualification and authorizations from manufacturers, as applicable, at the time of service.

The ABS office issuing this certificate is to be kept updated with changes to the management of the company, its employees, equipment and models on the authorization list and any changes made.

Lee Noel, Surveyor

TERMS AND CONDITIONS

The issuance and interpretation of this Certificate of Service Recognition (hereinafter referred to as "certificate") is subject to the following terms and conditions.

1. REPRESENTATIONS AS TO SERVICE RECOGNITION

The Certificate is a representation only that the specified Company has been audited by ABS and has given a satisfactory practical demonstration of the listed services which ABS Surveyors may rely on to make decisions affecting classification or statutory surveys and is issued solely for the use of ABS and its committees. The validity, applicability and interpretation of this certificate are governed by the Rules, Guides, or standards of ABS who shall remain the sole judge thereof.

2. RESPONSIBILITY AND LIABILITY

The Company is not a subcontractor of ABS and is not an agent of ABS for any purpose, The Company remains solely responsible for its equipment, the qualifications and competency of its personnel, the supervision of its personnel, and the safety of its personnel while performing its services. Nothing contained in this certificate or any letter or report issued in contemplation of this certificate shall be deemed to relieve Company or any designer, builder, owner, manufacturer, seller, supplier, repairer, operator or other entity of any warranty express or implied nor to create any interest, right, claim or benefit in any third party. It is understood and agreed that nothing expressed herein is intended or shall be construed to give any person, firm or corporation, other than the parties hereto, any right, remedy or claim hereunder; all provisions hereof are for the sole and exclusive benefit of the parties hereto.

3. LIMITATION

ABS makes no representations beyond those contained herein regarding its reports, letters, audits, certificates or other services.

4. HOLD HARMLESS

The party to whom this certificate is issued, and his assignee and successor in interest, agree to indemnify and hold harmless ABS from and against any and all claims, demands, lawsuits, or actions for damages, including legal fees, to persons and property, tangible, intangible, or otherwise which may be brought against ABS incidental to, arising out of or in connection with the work done, services performed or material to be furnished under this certificate, except for those claims caused solely and completely by the negligence of ABS, its agents, employees, officers, directors or subcontractors.

Company shall defend, indemnify, and hold harmless ABS and its affiliates from and against any and all third party claims and liabilities (including, without limitation, reasonable attorneys' fees and costs), regardless of the form of action, arising out of or in connection with a claim that the service(s) offered by Company for which Company has sought recognition from ABS, infringes, violates, or misappropriates a valid third party patent, copyright, or other proprietary right, provided that Company is promptly notified in writing of such claim, and ABS has not reached any compromise or settlement in such action or made any admissions in respect of the same.

5. ARBITRATION

Any and all differences and disputes of whatsoever nature arising out of or relating to this certificate shall be put to arbitration in the City of New York pursuant to the laws relating to arbitration there in force, before a board of three persons, consisting of one arbitrator to be appointed by ABS, one by Company, and one by the two so chosen. The decision of any two of the three on any point or points shall be final. Until such time as the arbitrators finally close the hearings either party shall have the right by written notice served on the arbitrators and on an officer of the other party to specify further disputes or difference under this Agreement for hearing and determination. The arbitration is to be conducted in accordance with the rules of the Society of Maritime Arbitrators, Inc. The arbitrators may grant any relief, other than punitive damages which they, or a majority of them, deem just and equitable and within the scope of the agreement of the parties, including, but not limited to, specific performance. Awards made in pursuance to this clause may include costs including a reasonable allowance for attorney's fees and judgment may be entered upon any award made hereunder in any court having jurisdiction. ABS and Company hereby mutually waive any and all claims to punitive damages in any forum. Company shall be required to notify ABS within thirty (30) days of the commencement of any arbitration between it and third parties which may concern ABS' work in connection with this certificate and shall afford ABS an opportunity, at ABS' sole option, to participate in the arbitration.

6. TIME BAR TO LEGAL ACTION

Any statutes of limitation notwithstanding, Company expressly agrees for itself and its affiliated companies that its right to bring or to assert against ABS any and all claims, demands or proceedings whether in arbitration or otherwise shall be waived unless (a) notice is received by ABS within thirty (30) days after Company or its affiliates had notice of or should reasonably have been expected to have had notice of the basis for such claims; and (b) arbitration or legal proceedings, if any, based on such claims or

demands of whatever nature are commenced within one year of the date of such notice to ABS.

7. LIMITATION OF LIABILITY

The combined liability of American Bureau of Shipping, its officers, employees, agents or subcontractors for any loss, claim, or damage arising from negligent performance or nonperformance of any services under this Agreement, or from breach of any implied or express warranty of workmanlike performance in connection with the services, or from any other reason, to any person, corporation, partnership, business entity, sovereign, country or nation, shall be limited to the greater of a) \$100,000 or b) an amount equal to ten times the sum actually paid for the services alleged to be deficient. The limitation of liability may be increased up to an amount twenty- five times that sum paid for services upon receipt of Company's written request at or before the time of performance of service and upon payment by Company of an additional fee of \$10 for every \$1,000.00 increase in the limitation.

8. ETHICS AND COMPLIANCE

Falsification of this certificate, including any alterations by an entity other than ABS, may result in actions against the culpable entity up to and including legal proceedings for the misrepresentation of this document. Measures may include but are not limited to the immediate and indefinite suspension of the certificate in question, delisting of the entity from ABS online certification database, and immediate restriction of use of the authorized ABS service logos. Upon investigation by ABS, ABS reserves the right to permanently disqualify the implicated entity or its Principals from holding any service certifications from ABS.

This certificate is intended only for the use of the individual or entity to which it is addressed, and may contain information that is privileged, confidential and exempt from disclosure under applicable law. If the reader is not the intended recipient, you are hereby notified that any dissemination, distribution or copying of this communication is strictly prohibited.

Board Report and Staff Summary

File #: 21-087	Finance Committee	
Canal Street Ferry Termina	l Project Amendment Requesting Woodw	ard-APC's Contract
	ng Board Authorization to Amend to include the revised Permanent Barge	AGENDA NO: Click or tap here to enter text.
ACTION REQUEST: ⊠ /	Approval □ Review Comment □ In	formation Only

RECOMMENDATION:

To authorize the Chief Executive Officer to amend Woodward-APC's contract for a not-to-exceed amount of \$700,681.16 to include the revised Permanent Barge scope of work.

ISSUE/BACKGROUND:

In March 2020, RTA removed the Half Grand Union (HGU) from the Canal Street Ferry Terminal project. As this decision resulted in roughly \$1.3M. in savings, RTA staff reallocated these savings to the permanent barge to enhance functionality. These changes include expanding the width of the access gangway, adding a sewage pumping system to the barge, and adding an internal ballasting system.

The redesigns are complete, revised price has been submitted by Woodward-APC, and Woodward-APC's revised scope has been validating by the Marine engineer. RTA staff are now working with Royal and Dupont-LeCorgne to analyze and validate the cost and finalize the negotiations.

DISCUSSION:

While the previous design met operational requirements, the above changes improve system functionality by allowing operations to service larger volumes of passengers quicker, providing operations a secondary method to service ferries utilities, and reduce operation functions by including an internal ballasting system which requires less manpower than the previous system.

While the original plan was to use the HGU savings to support the revised permanent barge cost, the FTA has granted authorization for RTA to use savings from new Ferry Boats purchase. The HGU savings will now be allocated to the project's contingency.

Redesigns were expected to be completed earlier this year but delayed due to slowdowns in regulatory agency permitting. Permitting took longer than expected due to staff availability being reduced by COVID restrictions.

RTA Staff are submitting this Board Agenda item prior to finalizing negotiations to mitigate further cost escalations due to increasingly rising material prices. These price escalations are unpredictable, unprecedented, and a result of material shortages due to COVID restrictions.

FINANCIAL IMPACT:

Total cost for this work is \$700,68116 and will be funded through Grant LA 950006.12.34.05 which has a balance of \$1,330,515.17. Staff will continue to negotiate this price down as the pricing is finalize. If costs exceed the \$700,681.16, RTA staff will resubmit a Board Agenda Item to ratify the Amendment.

Roughly \$200K of the \$700K cost is a result of steel price escalations due to COVID. RTA staff will include this cost as part of the CARES Act reimbursement.

NEXT STEPS:

Upon Board approval, staff will amend Woodward-APC's contract to include the revised work in their contract.

During the performance of this contract, staff will conduct ongoing dialogue to the Board during the project development.

CHANGE ORDER REQUEST TITLE: CE #064 - RFP 003 Permanent Barge Redesign

CHANGE ORDER REQUEST DESCRIPTION:

CE #064 - RFP 003 Permanent Barge Redesign

This change order request is for the new and revised scope of work outlined in RFP#003 received 04/08/2021. These documents affect the permanent ferry boarding barge.

Please note the following pricing clarifications:

- 1. The changes to the gangway shown in this document are addressed in a separate change proposal request.
- 2. The specifications call for delivery of the barge to the project site, but the barge will be delivered and accepted at APC's yard in Harvey per the original logistics plan.
- 3. The specifications note for the shipyard to construct the barge and superstructure in its entirety but the scope of work has been divided up among trade contractors by WAJV per the original scope breakout.
- 4. The doubler plates shown on the barge deck have all been priced as 1" thick. The sequence of work requires the painting to be done at the shipyard before the superstrucutre welding is done. The thicker plates will prevent damage to the below and above deck painting.
- 5. This price does not include any metal roofing over the walkways, ramps, and stairs. This scope of work was revised on 4/28/21 and is being priced by DBE contractors. This pricing will be submitted separately.
- 6. This design includes a new sewer system and the original potable water system. This COR includes this work as designed but does not include any revisions to the existing civil design, if required.
- 7. The installation of the barge is priced during river levels below EL 10' per the 04/01/21 project schedule.
- 8. Steel prices for the barge are included as a weighted average of \$0.69 per pound. The steel prices are changing weekly so a steel price escalation clause allowing adjustment from \$0.69 to the actual cost of purchased steel will be required to be included in the change order.
- 9. Steel prices for the superstructure are guaranteed through 05/14/2021.
- 10. The schedule for barge construction is shown in the attached schedule. No additional contract time is requested for the work priced in this change order request.

RE: RTA

Change Order Request No. 6r1 – RFP 003 – Boarding Barge Changes

Dear Jeff:

We herein submit our change order request for the Boarding Barge Changes per RFP 003. Please see attached for material breakdown.

Added Detailing Cost	\$ 7,722.00
Added Material 14.92 Tons	\$ 55,950.00
Added Galv.	\$ 26,110.00
Added Handrail (139 LF)	\$ 17,375.00
Added Bar Grating (351 Sq/FT)	\$ 12,285.00
Erection (430 Man Hours x \$81.25)	\$ 34,937.50
Additional Hoisting/Man Lifts	\$ 5,000.00
Delivery	\$ 1,800.00
Subtotal	\$161,179.50
OH&P	\$ 24,176.93
Total	\$185,356.00

Excludes Metal Decking at Boarding Barge Canopy Excludes C6x8.2 Channels shown on 2/S5.10, by Others.

Please let us know if we are authorized to proceed with this work. Sincerely,

NEW ORLEANS IRON WORKS, L.L.C.

Judson McLeod

Re: RTA Canal St. Ferry Terminal

FEC Project # 2061-21

RFC# RFP 003 CE 064 PERMANENT BARGE REDESIGN RE: RFP 003 CE #64 Permanent Barge Redesign

FEC Ref #1

Dear Jeff Schiro,

We are pleased to quote the price as listed below for the:

RFP 003 CE 064 Permanent Barge Redesign

Change feeder from panel TPP to permanent barge 200 amp receptacle from 2" conduit with 4-2/0 THWN and 1-#2 ground to 2-1/2" conduit with 3-4/0 THWN and 1-#2 ground.

Not included is work to be done by barge contractor. This work consists of:

Adding 200 amp disconnect switch between 200 amp plug and transformer.

Changing transformer from 45 KVA to 112.5 KVA.

Changing feeder from 112.5 KVA transformer to barge power panel.

Adding electrical for bilge and ballast water pump.

Adding electrical for sewage pump.

Backup is listed for review; if there are any questions, please feel free to call.

Qualifications:

a. This Change Order addresses the monetary settlement of the changes only, and does not address the extension of time and/or delay cost incurred by Frischhertz, all of which are hereby reserved.

Canal Street Ferry Terminal RTA Project No.: 2019-006

Change Order Request Number: 003

Woodward/APC, A Joint Venture Contact: Tom Abernathy 1000 S Jefferson Davis Pkwy New Orleans, LA 70125

Tom,

We are pleased to quote the price as listed below for the scope change in the RFP 003 permanent barge change order.

This change order scope of the work includes:

 Additional Labor and Material to install breakaway chains and shackles to permanent barge and existing mooring dolphins.

<u>Item #</u>	<u>Description</u>	Quantity	<u>Unit</u>	<u>Unit Price</u>	<u>Extension</u>
0001	RFP 003 Chain Install	1	LS	\$22,874.05	\$22,874.05
0002	RFP 003 Chain Install w/ Divers	1	LS	\$27,543.05	\$27,543.05

Qualifications:

- 1. Working this project using merit shop labor fifty (50) hours a week, five (5) days per week, Monday through Friday. We reserve the right to increase our efforts per day and/or per week without penalty.
- 2. Payment terms will be per APC's Subcontract.
- 3. Parish and State tax are excluded.
- 4. Performance and/or payment bonds are included.
- 5. Lien rights will not be waived until final payment has been received.
- 6. Quote excludes Site SSHO and QC personnel. Safety Manager will conduct periodic safety visits.
- 7. Additional costs incurred due to downtime out of APC's control shall be cost reimbursable. Specifically, down time / standby time includes, but is not limited to, time which APC's crew cannot perform their work due to permitting delays or any circumstance that is not in immediate control of APC Construction.
- 8. Quote excludes installing or maintaining all haul roads.
- 9. Quote excludes all permits; Federal, State, and Local.
- 10. This quote includes no mobilization or equipment, as work will take place while APC is currently onsite performing contracted scoped work. If this work occurs when APC is not on site, additional costs will apply.

www.apcconstruction.com

- 11. If River elevations are above the connection point for breakaway chain and shackle on mooring dolphins, then item #002 will have to be exercised.
- 12. Enough space and access must be provided by others to all of APC's working areas.
- 13. Utilities interfering with our work shall be relocated or de-energized prior to our mobilization.
- 14. Testing, Engineering, Inspection is excluded.
- 15. Vibration monitoring is excluded.
- 16. Survey and layout are excluded since it should not be required.
- 17. As-builts shall be by others.
- 18. Welding is excluded from this quote, if welding is required to attached breakaway chain to mooring dolphins it will be billed at additional cost.
- 19. Consumables by divers will be billed at cost plus 20%.

If you have any questions or comments, please do not hesitate to contact me.

Thanks,

Joel McLain

Project Manager

12 Hour Daily Minimums when over 50 miles. Standby – 8 Hour Daily Minimums.

Mobilization when over 50 miles: \$2.00 per mile.

2020 Construction Rate Sheet

Personnel

- Within 50 miles, personnel will be charged Portal-to-Portal, with an (8) eight-hour minimum upon activation. If Applicable, the client will be charged for the time required to service, repair and restock all vehicles and equipment used during the project. This fee will be charged at the conclusion of the project.
- 2. Straight-Time rates apply to the first (1st) 8 hours "WORKED" between 0700-1500, Monday through Friday. All other hours worked, including Saturdays, Sundays and Holidays will be charged at the Overtime rate, except Christmas Day, which is billed at double the straight-time rate. The Anders Construction holiday rate will be charged for: New Years Day, Mardi Gras Day, Good Friday, Memorial Day, Independence Day, Labor Day, and Thanksgiving Day. When these holidays fall on a weekend, the nearest weekday will be charged at the Overtime rate.
- 3. All Anders Construction personnel meet and exceed the training requirements set forth in 29CFR1910.120 and the EM-385-1-1. Any additional training and/or medical monitoring required by the client or to satisfy federal, state and local regulations will be charged to the client at cost plus 15%.
- 4. Any third-party services required to perform work will be charged to the client at cost plus 15%. Hourly rate for compliance with third party services will be charged at \$150 per hour.
- 5. Subsistence will be charged when an employee is performing work over fifty (50) miles from their normally assigned Anders Construction location at a rate of \$145.00 per-day-per man. When working in high cost areas as defined by U.S. Government Travel Regulations, subsistence rates may increase.
- 6. Personnel travel time via air, land or water will be charged as per Anders Construction current rate sheet. Extraordinary travel expenses i.e. airline tickets, charter aircraft, taxi, parking etc., will be charged at cost plus 15%. Travel expenses for long-term, on-site personnel who are permitted to return home every three (3) weeks will be charged at cost plus 15%.
- 7. Personnel Protection Equipment not listed will be billed at cost plus 15%.
- 8. Any additional or follow-up work; reports, permitting, meetings, consent orders, insurance meetings or any other commitment of time requested by client or required by governmental agencies, courts or other involved parties will be charged to the client at the applicable daily rate (not less than \$500.00/day) plus transportation and subsistence.
- 9. Anders Construction reserves the right to bill the client for all items and adjustments made by third party negotiators (qualified individual, adjusters, etc.).
- 10. Anders Construction reserves the right to bill for adjustments made necessary due to quality assurance checks and/or internal audits.
- 11. Anders Construction will at no time allow post emergency response negotiated rates to become retroactive.
- 12. Any cost-plus items that require over water transport will incur additional 10%, totaling cost plus 25%.

EQUIPMENT

Equipment & Miscellaneous

- 1. Equipment is charged portal-to-portal; from time of activation.
 - a. Equipment billed on an hourly basis will be billed for a minimum of eight (8) hours upon activation. Equipment billed on a daily basis will be billed for a full day upon activation, unless the response is canceled within the first four hours, and the equipment has not been used, in which case it will be billed at half the daily rate. Daily rate charges are the minimum and maximum charges.
- 2. Equipment identified on the rate sheet as a daily rate charge will be billed at the daily rate for any period of time used between 0001 and 2400 hours of the same day.
 - a. All fuel and lube oil charges will be billed at cost plus 15%.
 - b. Equipment held in reserve, either on-site or at a dispatch point for the exclusive benefit of the client, will be charged at a stand-by rate equal to half the standard rate until released by the client. If the equipment is needed on another project, the client will be notified and offered the option of releasing the equipment. If the client chooses to retain the equipment on stand-by it will be charged at the full daily rate until released.
 - c. Upon completion of the project the equipment will be returned to its condition at the time of activation. The client will be billed at the equipment rate while the equipment is being decontaminated and/or repaired. If, during the performance of a service and/or services for a client, equipment and/or material sustain damage which renders the equipment and/or material beyond repair or renders decontamination impossible, said equipment and/or materials will be subject to a replacement charge at Anders Construction cost plus 15% unless said damage was sustained as a result of misuse by Anders Construction personnel.
- 3. Equipment and/or expendables not listed on the current rate schedule will be billed at cost plus 15% and be retained by Anders upon completion of the project.
- 4. Unless otherwise stated all Equipment charges are WITHOUT operator.
- 5. All federal, state and municipal taxes, except income taxes and ad-valorem taxes, now and hereinafter imposed with respect to services rendered; to rental equipment; to processing, manufacture, repair, delivery, transportation of equipment and supplies shall be added to and become part of the total price payable by the client. If the client claims an exemption from payment of State Sales and Use Tax, the client will be required to render an Exemption Certificate or Resale Certificate to Anders Construction prior to invoicing.
- 6. Disposal of recovered product and contaminated materials is the client's responsibility, as generator. Anders Construction will assist with arranging transportation and disposal, if requested.
- 7. The term of payment for all invoices is Net 30 days from the date of invoice. A finance charge computed at the periodic rate of one- and one-half percent (1.5%) per month (18% per annum) will be applied to all invoices with an unpaid balance beginning on the thirty-first (31st) day from the date of invoice.
- 8. It is the client's responsibility to pay all invoices within 30 days regardless of insurance or third-party claims.
- 9. Mileage on vehicles will be charged at \$2.00 per mile.

Woodward Design+Build 1000 S Jefferson Davis Parkway New Orleans, LA 70125

Attn: Mr. Tom Abernathy

Subject: Proposal for the Construction of 186' x 40' x 7' RTA Canal St. Ferry Docking Barge

Conrad Shipyard Proposal No. 10-19-7582 Rev. (G)

Dear Mr. Abernathy,

In response to your recent request, Conrad Shipyard, LLC is pleased to offer this Fixed Price Proposal for the construction for one (1) each 186' x 40' x 7' Docking Barge.

Pricing:

One (1) 186' x 40' x 7' Docking Barge

Total Price \$1,914,000.00

(One Million Nine Hundred Fourteen Thousand U.S. Dollars)

Option Pricing:

Payment/Performance Bond

Total Price \$19,500.00

(Nineteen Thousand Five Hundred U.S. Dollars)

Delivery:

Delivery for the barge is thirty-eight (38) weeks after contract award. Delivery point for the barge will be afloat FOB APC Construction in Harvey, LA.

Delivery schedule is contingent upon current workload at the time of contract award and steel availability to support the proposed production schedule included herein.

Clarifications:

Conrad Shipyard proposal pricing is based on the following clarifications:

- 1. The proposal is based on execution of mutually agreeable subcontractor contract terms and conditions.
- 2. The quoted price does not include additional sales or use taxes, if applicable.
- 3. Our proposal includes B/R insurance based upon the value of our proposal.
- 4. Our proposal specifically excludes any formal or non-formal training of the vessel crew on any of the onboard equipment and/or systems.
- 5. Changes to above technical clarifications, or provided design will be subject to a contract modification.
- 6. Payment/Performance bond pricing is included as an option price.

Woodward Design+Build 186' x 40' x 7' RTA Canal St. Ferry Docking Barge Conrad Shipyard Proposal No. 10-19-7583 Rev.(G) May 4, 2021 Page 2 of 2

Clarifications (Continued):

- 7. Delivery point for the vessel is afloat FOB Harvey, LA at the APC contractor facility. Delivery schedules are contingent upon the owner furnished design completion supporting the proposed production schedule included herein.
- 8. Conrad has not included DBE certified vendors in pricing.
- 9. Conrad has not included the following items in proposal pricing:
 - a. 5% tax not included
 - b. Dry-docking
 - c. Mock Ups
 - d. Installation of docking barge at delivery site is not included. Conrad will deliver the barge via assist tugs to the APC Contractors facility in Harvey, LA. Transfer of the barge to owner personnel to take place at that time.
- 10. Conrad has included an "Appendix A Conrad Scope of Work" to define the work to be done by Conrad.
- 11. Conrad pricing is based on current steel market pricing. The proposal has an average price of \$0.69 per pound for plate and structurals. Conrad reserves right to update steel pricing before contract award due to market price fluctuations. Conrad proposes the inclusion of a steel escalation/de-escalation clause in the subcontractor contract agreement.
- 12. The quoted price does not include sales or use taxes, if applicable.
- 13. This proposal is based on execution of Conrad's standard commercial contract.

This proposal is valid for thirty (30) calendar days after which time we reserve the right to amend or withdraw same.

We appreciate the confidence you have in our company by allowing us to quote on your requirements and we look forward to working with you to provide firm pricing when more details become available on this project. Should you have any questions please contact me at (985) 380-2110.

Best Regards,

CONRAD SHIPYARD, LLC

Project: 186' x 40' x 7' RTA Canal St. Ferry Docking Barge

Conrad Shipyard Proposal No. 10-19-7582 Rev. (G)

Appendix A - Conrad Scope of Work

This document is to used in conjunction with Mino Marine Statement of Work (SOW) for Welded Steel Landing Barge, document ID # 350200, Rev. (2) in order to clarify Conrad Shipyards scope of work.

Item #100 Barge Hull Construction

- A. Conrad to construct the barge hull structure in its entirety as shown the following drawings:
 - a. NA2.01, Rev. (1)
 - b. NA2.02, Rev. (1)
 - c. NA2.03, Rev. (1)
 - d. NA2.04, Rev. (1)

Item #101 Column Support Pedestals

- A. Conrad to install on deck twenty (20) 30"x30"x1" doubler plates for the column support pedestals shown on dwg. NA3.01, Rev. (2).
- B. Conrad to install on deck twenty-eight (28) 12"x12"x1" doubler plates to support the boarding platform.
- C. Conrad to install below deck column support structure as shown on dwg. NA2.04, Rev. (1).

Item #102 Fendering

A. Conrad to provide and install the twenty-four (24) port side shell fendering in its entirety.

Item #103 Mooring Bitts

A. Conrad to provide and install the six (6) mooring bitts.

Item #104 Boarding Ramps

- A. Conrad to provide the counterweight column pedestals only as described in item #101.
- B. Entire boarding ramp scope to be provided and installed by others after delivery except for described in item A above.

Item #105 Manholes and Vertical Ladders

- A. Conrad to provide and install all manholes and vertical ladders.
- B. Conrad to provide single-bolt galvanized flush type manholes in the main deck.

Woodward Design+Build 186' x 40' x 7' RTA Canal St. Ferry Docking Barge Conrad Shipyard Proposal No. 10-19-7583 Rev.(G) May 4, 2021 Page 2 of 4

Item #106 Machinery Room

- A. Conrad to fabricate and install the machinery room as shown on dwg. NA2.04, Rev. (1).
- B. Conrad to provide and install three (3) windows in the machinery house.
- C. Conrad to provide and install one (1) weathertight door in the machinery house.
- D. Conrad to provide and install two (2) 4' LED light fixtures in the machinery house.
- E. Conrad to provide and install one (1) 3/4 HP exhaust fan in the machinery house.

Item #106 Electrical System

- A. Conrad to provide and install all components of the barge power panel system as shown on dwg. NA4.01, Rev. (1).
- B. Conrad to install the customer furnished emergency power system unit w/ the ELP3 emergency lighting panel included.
- C. Conrad to provide and install wiring from the ELP3 panel to junction boxes above deck near a canopy column for line EL1 & 3 for the superstructure lighting and EL7 camera surveillance transmission box. All superstructure lights (FB1) and camera surveillance transmission box are provided and installed by others after the barge is delivered.
- D. Conrad to provide and install wiring for line EL5 from the ELP3 panel to all seven (7) deck light poles. All deck pole lights (FB), along with the poles, are provided and installed by others after the barge is delivered.
- E. Conrad to provide and install under deck conduit for all above mentioned items in Conrad's scope of work.
- F. Conrad to provide and install under deck conduit from two (2) camera/light poles to the closest nearby canopy column.
- G. All cameras, along with their wiring, are provided and installed by others after the barge is delivered.

Item #107 Safety Chain Padeves

- A. Conrad to provide and install two (2) safety chain padeyes.
- B. Breakway chains are to be provided by others.

Item #108 Handrails

- A. Conrad to provide and install twenty (20) 6"x12"x1" handrail doubler plates for support of handrails that land onto the barge deck.
- B. The handrails in their entirety will be provided and install by others after delivery.

Item #109 Pole Mounted Main Deck Lighting and Cameras

- A. Conrad to provide and install two (2) LED solar powered obstruction lights. The obstruction lights are to be McDermott model Sun4-18L12V-120-2SPK-CL-60.
- B. Conrad to provide and install two (2) obstruction lights poles.
- C. The seven (7) deck light/camera poles in their entirety will be provided and install by others after delivery except Conrad will provide the four (4) mounting studs on deck for each pole.

Item #110 Mooring Yokes

A. Conrad to provide and install the two (2) barge mooring yokes.

Woodward Design+Build 186' x 40' x 7' RTA Canal St. Ferry Docking Barge Conrad Shipyard Proposal No. 10-19-7583 Rev.(G) May 4, 2021 Page 3 of 4

Item #111 Kevels

A. Conrad to provide and install the four (4) 48" kevels.

Item #112 Coating System

- A. Conrad to provide coating per provided International Labmar Landing Barge Rev. 2 dated 18-Jul-2020 except for the following.
- B. Conrad takes exception to the interior tank preparation noted in the International paint spec calling for a sand blast in all interior tanks. Conrad's proposal includes an interior tank surface preparation consisting of a SP-2 hand tool clean of damaged areas and a high pressure wash of the remaining intact shop primer.

Item #113 Ballast System

A. Conrad to provide and install the ballast system in it's entirety as shown on dwg. NA10.01, Rev. (1).

Item #114 Cathodic Protection

A. Conrad to provide and install twenty-five (25) 22 lb. zinc anodes.

Item #115 Mooring Jib

A. Conrad to provide and install one (1) mooring jib.

Item #116 Davit Crane

A. Conrad to provide and install one (1) davit crane, Thern Captain series 571M2, and the crane foundation.

Item #117 Boarding Ladder

A. Conrad to provide and install one (1) boarding ladder.

Item #118 Tank Vents

A. Conrad to provide and install sixteen (16) tank vents, one (1) sewage tank vent and one (1) sea chest vent.

Item #119 Sounding Tubes

A. Conrad to provide and install six (6) sounding tubes for the ballast tanks.

Item #120 Sewage System

A. Conrad to provide and install the sewage system in its entirety as shown on dwg. NA11.01, Rev. (1).

Item #121 Potable Water Shore Connections

A. Conrad to provide and install the potable water shore connection system in its entirety as shown on dwg. NA12.01, Rev. (1).

Woodward Design+Build 186' x 40' x 7' RTA Canal St. Ferry Docking Barge Conrad Shipyard Proposal No. 10-19-7583 Rev.(G) May 4, 2021 Page 4 of 4

Item #122 Channels

A. Conrad to provide and install on deck the twelve (12) pieces of C6x8.2# grating support channels iwo the boarding area as shown on dwg. S5.13, Rev. 0.

Item #123 Ramp Stringers

- A. Conrad to provide and install on deck the two (2) 9"x36"x1" doubler plates iwo the ramp stringers shown on dwg. S5.13, Rev. 0, Detail 2.
- B. Conrad to provide and install on deck the four (4) 6"x12"x1" doubler plates iwo the stair stringers shown on dwg. S5.31, Rev. 0, Detail 2.

<u>Item #124 Superstructure</u>

A. The superstructure, including all elevated walkway platform with stairs and canopy, in their entirety will be provided and installed by others after delivery.

April 30, 2021

Project: 186' x 40' x 7' RTA Canal St. Ferry Docking Barge

Conrad Shipyard Proposal No. 10-19-7582 Rev. (F)

Appendix A – Submittal Cost Difference Breakdown

This document is to be used in conjunction with Conrad Shipyard Proposal Rev. (F) and Permit Set Submittal from April 16, 2020 in order to define the cost difference between the two submittals.

Item #100 Barge Hull Construction

Cost Difference = \$240,779

- A. The price of steel increased from \$0.395 per pound to \$0.686 per pound, equaling an increase of \$0.291 per pound.
- B. The purchased weight of the hull steel increased from 267.1 ST to 283.4 ST, equaling an increase of 16.3 ST. The bulk of this increase came from the deck stiffeners size increase, the additional transverse truss framing stanchions and diagonals and the additional below deck structure to support the above deck columns.
- C. The increase in weight noted above and the addition of the (2) boarding gate deck recesses increased our labor hours.

Item #101 Column Support Pedestals

Cost Difference = -\$4,437

- A. Reduced quantity of column support pedestals from (27) to (20).
- B. Added (28) walkway platform stanchion deck doublers.

Item #102 Fendering

Cost Difference = -\$21,858

A. The length of the multiple fenders was reduced.

Item #103 Mooring Bitts

Cost Difference = \$10,115

A. The bitts were redesigned.

Item #104 Boarding Ramps

Cost Difference = \$0

A. Scope did not change. Not in Conrad's scope.

Item #105 Manholes and Vertical Ladders

Cost Difference = \$4,698

A. Manhole type was confirmed, and the steel increased the cost.

Item #106 Machinery Room

Cost Difference = \$4,258

A. Steel cost increase.

Woodward Design+Build 186' x 40' x 7' RTA Canal St. Ferry Docking Barge Conrad Shipyard Proposal No. 10-19-7583 Rev.(F) April 30, 2021 Page 2 of 4

Item #106 Electrical System

Cost Difference = \$33,088

- A. The installation and wiring of the Emergency Power System was added to Conrad's scope of work.
- B. The transformer size increased.
- C. A shore power disconnect switch was added.
- D. The ballast and sewage pump were added to the Barge Power System.

Item #107 Safety Chain Padeyes

Cost Difference = \$0

A. No change

Item #108 Handrails

Cost Difference = -\$55,298

A. Removed the handrails and personnel gates from Conrad's scope of work. Conrad to only provide (15) deck doublers for the handrails on main deck.

Item #109 Pole Mounted Main Deck Lighting and Cameras

Cost Difference = -\$4,179

A. Removed the (7) deck light poles from Conrad's scope of work. Conrad to only provide (4) bolting studs per pole on main deck to mount the poles that are provided and installed by others.

Item #110 Mooring Yokes

Cost Difference = \$1,902

A. Steel cost increase

Item #111 Kevels

Cost Difference = \$0

A. No change

Item #112 Coating System

Cost Difference = \$46,119

- A. A new paint specification was provided.
- B. The paint switched from Carboline products to International.
- C. The interior coatings added an additional full coat and additional stripe coat.
- D. An interior coating of the sewage tank was added.
- E. One (1) additional full coat was added to the surface below the waterline.
- F. Two (2) additional stripe coats were added to the side shell surface above the waterline.
- G. One (1) additional stripe coat was added to the deck surface iwo non-skid area.
- H. Deck non-skid area increased with owner confirming the requirement for non-skid on all deck surface not covered by the elevated walkway.

Woodward Design+Build 186' x 40' x 7' RTA Canal St. Ferry Docking Barge Conrad Shipyard Proposal No. 10-19-7583 Rev.(F) April 30, 2021 Page 3 of 4

Item #113 Ballast System

Cost Difference = \$126,433

A. Completely new scope

Item #114 Cathodic Protection

Cost Difference = \$0

A. No change

Item #115 Mooring Jib

Cost Difference = \$0

A. No change

Item #116 Davit Crane

Cost Difference = \$0

A. No change.

Item #117 Boarding Ladder

Cost Difference = \$0

A. No change.

Item #118 Tank Vents

Cost Difference = \$1,590

- A. Latest drawings define the vents whereas the previous drawing had no detail provided.
- B. Added the sewage tank vent.

Item #119 Sounding Tubes

Cost Difference = -\$9,451

A. Reduced quantity of sounding tubes from (16) to (6).

Item #120 Sewage System

Cost Difference = \$25,197

A. Completely new scope

Item #121 Potable Water Shore Connections

Cost Difference = -\\$3,956

A. Latest drawings define the potable water system whereas the previous proposal there was no drawings or details provided.

Item #122 Channels

Cost Difference = \$0

A. Scope did not change. Not in Conrad's scope.

Woodward Design+Build 186' x 40' x 7' RTA Canal St. Ferry Docking Barge Conrad Shipyard Proposal No. 10-19-7583 Rev.(F) April 30, 2021 Page 4 of 4

Item #123 Ramp Stringers

Cost Difference = \$0

A. Scope did not change. Not in Conrad's scope.

Item #124 Superstructure

Cost Difference = \$0

A. Scope did not change. Not in Conrad's scope.

Summary:

Item #100 Hull Structure	\$240,779
Item #101 Column Support Pedestals & Deck Doublers	(\$4,437)

New Orleans Regional Transit Authority

Board Report and Staff Summary

File #: 21-088	Finance Committee	
Cintas Uniforms		
DESCRIPTION: To issue a PO for	the Cintas Contract	AGENDA NO: Click or tap here to enter text.
ACTION REQUEST: ⊠ Approval	☐ Review Comment ☐ In	formation Only

RECOMMENDATION:

To authorize the Chief Executive Officer to award a purchase order to Cintas for the supply of Uniforms, floor mats, bathroom soaps, in response to a pre-signed contract.

ISSUE/BACKGROUND:

On 11/20/2020, the RTA entered into a 36-month agreement with Cintas to supply uniforms, hand soap, floormats, and paper towels. This was signed as a result of the transition from Transdev to the RTA. Currently, the RTA is in need of creating a PO to go along with the contract.

DISCUSSION:

What is unique about this procurement is we have been receiving products and services from Cintas since the operational transition from Transdev to the RTA but have not yet issued a PO. The RTA entered into an agreement with Cintas, committing the RTA to a 36-month service term. This represents a continuation of services previously provided via the Transdev management contracts.

FINANCIAL IMPACT:

Local is available utilizing local funds in the estimated amount of \$479,974 over the 36-month contract period.

NEXT STEPS:

Upon RTA Board approval, staff will assign a purchase order.

ATTACHMENTS:

- 1. Routing packet and Sole source document
- 2. Cintas Contract
- 3. Board Resolution

Federal requirements attached as Exhibit A

STANDARD UNIFORM RENTAL SERVICE AGREEMENT RENEWAL

- 1. The Customer, its successors and assigns ("Customer") orders from CINTAS CORPORATION or any of its subsidiaries, successors and assigns ("Company") all of the Customer's requirements of garment rental services and other materials covered by this agreement during the term of this agreement all in accordance with the pricing, terms and conditions contained herein. Pricing is based on 52 weeks billing per rental material per year.
- 2. All garments and other rented materials will be cleaned and maintained by Company and remain the property of the Company. Any garments that require replacement due to normal wear will be replaced by Company at no charge to Customer.
- 3. Unless specified otherwise, the garments supplied under this Agreement are not personal protective equipment and have no special protective or other characteristics, including but not limited to, flame resistant or acid resistant properties. Specialty apparel and personal protective equipment may be available from Company upon request and would be covered under additional terms. Customer warrants that none of the employees for whom garments are supplied under this agreement require flame retardant or acid resistant clothing.
- 4. Customer is ultimately responsible for choosing the type and placement of any floor mats provided by Company and ensuring floor safety conditions at its locations, if a mat needs to be replaced for any reason prior to its next scheduled service, Customer should remove it and contact Company to request replacement.
- 5. Customer agrees to notify Company, in writing, of any hazardous materials, including lead, arsenic, hexavalent chromium and cadmium, that may be picked up by Company in the soiled garments or other textiles serviced under this agreement. In no case will hazardous materials be present to the extent that they may be harmful to Company's employees.
- 6. The weekly rental charge for any individual leaving the employ of Customer can be terminated, but only after all garments issued to that individual, or the current replacement value of same, have been returned or paid to Company. Any non-standard, or special products (i.e., logo mats) must be purchased by the Customer if service is stopped for any reason. If materials are lost or damaged by any means Customer will pay the then current replacement values for said materials. Should Customer require garment sizes that are outside the standard size range, Customer agrees to pay the specific premium price for those materials and sizes designated under Uniform Pricing.
- 7. This agreement is effective as of the date of execution. The initial term of this agreement shall be as set forth on the front of this agreement and shall automatically renew for the same period of time unless Company is notified, to the contrary, in writing, no more than 180 days, but no less than 90 days in advance of the expiration of the then current term, Company has the right to increase prices. The Customer has the right to reject the price increase within ten (10) days of the notice. If Customer rejects the price increase, Company may terminate this agreement. All invoices must be paid within ten days after the end of the month. Interest will accrue on any amounts which are not paid when due from the date due to the date of payment in full at an annual percentage rate equal to the lesser of (a) eighteen percent 18% or (b) the maximum rate permitted by applicable law.
- 8. Company is a licensee and not the owner of the Carhartt trademarked products. If Company should no longer have such license, then Company will substitute the Carhartt trademarked garments with garments of similar material and quality.
- 9. Customer hereby agrees to defend, Indemnify and hold harmless Company from any claims and damages arising out of or associated with this agreement.
- 10. Company guarantees to deliver the highest quality textile rental service at all times. Any complaints about the quality of the service which have not been resolved in the normal course of business must be sent by registered letter to Company's General Manager, If Company then fails to resolve any material complaint in a reasonable period of time, Customer may terminate this agreement provided all rental materials are paid for at the then current replacement values or returned to Company in good and usable condition.
- 11. Additional customer employees, products and services may be added to this agreement and shall automatically become a part of and subject to the terms and provisions of this agreement. If this agreement is terminated early, the parties agree that the damages sustained by Company will be substantial and difficult to ascertain. Therefore, if this agreement is terminated by Customer prior to the applicable expiration date for any reason other than documented quality of service reasons which are not cured as set forth above, or terminated by Company for cause at any time, Customer will pay to Company, as liquidated damages and not as a penalty, the greater of 50% of the average weekly invoice total multiplied by the number of weeks remaining in the unexpired term, or buy back all garments and other products allocated to Customer at the then current replacement values. Customer shall also be responsible for any unpaid charges on Customer's account prior to termination.
- 12. While this agreement is in effect, Customer agrees to pay a weekly minimum charge equal to 75% of(a) the charges on the initial invoice and (b) the charges for additional products and services added after the initial invoice.
- 13. Any dispute or matter arising in connection with or relating to this agreement shall be resolved by binding and final arbitration. The arbitration shall be conducted pursuant to applicable state or federal arbitration laws. Any such dispute shall be determined on an individual basis, shall be considered unique as to its facts, and shall not be consolidated in any arbitration or other proceeding with any claim or controversy of any other party. The exclusive jurisdiction and forum for resolution of any such dispute shall lie within the state where Customer is located.
- 14. Customer certifies that Company is in no way infringing upon any existing contract between Customer and any other service provider.
- 15. This agreement contains the entire agreement of the parties with respect to the subject matter of this agreement and supersedes all prior negotiations, agreements and understandings with respect thereto, and any terms and conditions set forth in subsequent purchase orders or other documents issued by customer, in which case, the terms of this agreement shall control.
- 16. This agreement may not be modified, amended or supplemented except in writing signed by an authorized representative of Company, provided, however, if a federal, state or local government body or its representative is a party to this agreement, the proposal modification, amendment, or supplement must be in a writing signed by a President or a Senior Vice President of Company.
- 17. If Company provides flame resistant clothing to Customer, Customer agrees it bears sole responsibility for selecting the flame resistant clothing and fabrics ("FRC") under this Agreement determining whether such items are appropriate for use by its employees and agents in their applicable work environment(s). CUSTOMER ACKNOWLEDGES THAT COMPANY HAS MADE NO REPRESENTATION, WARRANTY, OR

R-2100A RENEWAL

COVENANT WITH RESPECT TO THE FLAME-RESISTANT QUALITIES OR OTHER CHARACTERISTICS OF THE FRC OR WITH RESPECT TO THEIR FITNESS OR SUITABILITY FOR THIS OR ANY OTHER PURPOSE. COMPANY MAKES NO REPRESENTATION WHETHER THE FRC CONSTITUTES APPROPRIATE PERSONAL PROTECTIVE EQUIPMENT FOR THE ENVIRONMENT(S) TO WHICH CUSTOMER'S EMPLOYEES OR AGENTS MAY BE EXPOSED OR AS TO THE FRC'S ABILITY TO PROTECT USERS FROM INJURY OR DEATH. Customer agrees to notify all employees and other agents of Customer who may wear or will be wearing the FRC that it is not designed for substantial heat exposure or for use around open flames. Customer acknowledges that compliance with any and all OSHA or other similar regulations or requirements relating to personal protective equipment is the sole responsibility of Customer. Further, Customer releases Company from any and all liability that results or may result from the use of the garments, including but not limited to any alleged failure of the FRC to function as flame-resistant or provide indemnify and hold harmless Company from any claims and damages arising out of or associated with this Agreement or resulting from Customer's or its employees' use of the FRC.

EXHIBIT A

FEDERAL REQUIREMENTS

It is a requirement of the Federal Government that activities financed, in part, with Federal funds and performed by a third-party contractor and its subcontractors on behalf of a Federal grantee must be carried out in accordance with applicable Federal requirements.

Activities performed under this contract, and any amendments thereto, may be financed in part, by a grant from the United States Department of Transportation (DOT), Federal Transit Administration (FTA) to the New Orleans Regional Transit Authority, and if so, would therefore be subject to the applicable grant terms, conditions, and regulations. Accordingly, the Contractor and its subcontractors performing activities under this contract must adhere to the Federal requirements stated herein as a condition of satisfactory performance.

All subcontracts and subcontractors employed as a result of this contract are subject to the same conditions and requirements as set forth herein unless specifically exempted. The Contractor shall ensure that its subcontractors at all tiers are made aware of and comply with these Federal requirements. The Contractor will be held liable for compliance failures by its subcontractors. Failure to comply will render the Contractor responsible for damages and/or contract termination.

1. BUY AMERICA REQUIREMENTS

If the Contractor uses Federal funds to purchase any capital items to be used in providing services under the contract, the Contractor shall comply with the applicable Buy America requirements set forth in 49 U.S.C. § 5323(j) and the applicable regulations in 49 C.F.R. Part 661, as amended, and shall be responsible for obtaining the Buy America certification required under such regulations.

2. FLY AMERICA REQUIREMENTS

As used herein: "International air transportation" means transportation by air between a place in the United States and a place outside the United States or between two places both of which are outside the United States. "United States" means the 50 States, the District of Columbia, and outlying areas. "U.S.-flag air carrier" means an air carrier holding a certificate under 49 U.S.C. Ch. 411.

When Federal funds are used to fund travel, Section 5 of the International Air Transportation Fair Competitive Practices Act of 1974 (49 U.S.C. 40118) (Fly America Act) requires contractors, recipients, and others use U.S.-flag air carriers for U.S. Government-financed international air transportation of personnel (and their personal effects) or property, to the extent that service by those carriers is available. It requires the Comptroller General of the United States, in the absence of satisfactory proof of the necessity for foreign-flag air transportation, to disallow expenditures from funds, appropriated or otherwise established for the account of the United States, for international air transportation secured aboard a foreign-flag air carrier if a U.S.-flag air carrier is available to provide such services.

If available, the Contractor, in performing work under this contract, shall use U.S.-flag carriers for international air transportation of personnel (and their personal effects) or property. In the event that the Contractor selects a carrier other than a U.S.-flag air carrier for international air transportation, the Contractor shall include a statement on vouchers involving such transportation essentially as follows:

Statement of Unavailability of U.S.-Flag Air Carriers:

International air transportation of persons (and their personal effects) or property by U.S.-flag air carrier was not available or it was necessary to use foreign-flag air carrier service for the following reasons. See FAR § 47.403. [State reasons].

The Contractor shall include the substance of this clause, including this subsection (d), in each subcontract or purchase under this Contract that may involve international air transportation.

3. INTELLIGENT TRANSPORTATION SYSTEMS—NATIONAL ARCHITECTURE

If necessary, the Contractor agrees to conform to the National Intelligent Transportation System (ITS) Architecture requirements of 23 U.S.C. § 517(d), unless it obtains an exemption from those requirements, and to follow FTA Notice, "FTA National ITS Architecture Policy on Transit Projects," 66 Fed. Reg. 1455, January 8, 2001, and all other applicable Federal guidance.

4. CHARTER SERVICE OPERATION

The Contractor agrees to comply with 49 U.S.C. § 5323(d) and 49 C.F.R. Part 604, which provides that recipients and subrecipients of FTA assistance are prohibited from providing charter service using federally funded equipment or facilities if there is at least one private charter operator willing and able to provide the service, except under one of the exceptions at 49 C.F.R. 604.9. Any charter service provided under one of the exceptions must be "incidental," i.e., it must not interfere with or detract from the provision of mass transportation.

5. SCHOOL BUS REQUIREMENTS

The Contractor agrees to comply with 49 U.S.C. § 5323(f) and 49 C.F.R. Part 605, which provide that recipients and subrecipients of FTA assistance may not engage in school bus operations exclusively for the transportation of students and school personnel in competition with private school bus operators unless qualified under specified exemptions. When operating exclusive school bus service under an allowable exemption, recipients and subrecipients may not use federally funded equipment, vehicles, or facilities.

6. CARGO PREFERENCE REQUIREMENTS

If the Contractor uses Federal funds to purchase any capital items from foreign sources under the contract, the Contractor agrees:

- (A) To use privately owned U.S.-Flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers), involved, whenever shipping any equipment, material, or commodities pursuant to the underlying contract to the extent such vessels are available at fair and reasonable rates for U.S.-Flag commercial vessels;
- (B) To furnish within 20 working days following the date of loading for shipments originating within the United States, or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, "on-board" commercial ocean bill-of-lading in English for each shipment of cargo described in the preceding paragraph to the Division of National Cargo, Office of Market Development, Maritime Administration, Washington, D.C. 20590 and to the FTA recipient (through the Contractor in the case of a subcontractor's bill of lading);
- (C) To include these requirements in all subcontracts issued pursuant to this contract when the subcontract may involve the transport of equipment, material, or commodities by ocean vessel.

7. ENERGY CONSERVATION

The Contractor agrees to comply with mandatory standards and policies relating to energy efficiency that are contained in the State Energy Conservation Plan issued in compliance with the Energy Policy and Conservation Act (49 U.S.C. § 6321, et seq.), 49 C.F.R. Part 18.

8. CLEAN WATER REQUIREMENTS

(A) The Contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. § 1251, et seq. The Contractor agrees to report each violation to the New Orleans Regional Transit Authority and understands and agrees that the New Orleans Regional Transit Authority will, in turn, report each violation as required to assure notification to FTA and the appropriate Environmental Protection Agency (EPA) Regional Office.

(B) The Contractor also agrees to include these requirements in each subcontract exceeding \$100,000 financed in whole or in part with Federal assistance provided by FTA.

9. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT—NON-CONSTRUCTION

- (A) Contractor shall comply with all Federal laws, regulations, and requirements providing wage and hour protections for non-construction employees, in accordance with 40 U.S.C. § 3702, Contract Work Hours and Safety Standards Act, and other relevant parts of that Act, 40 U.S.C. § 3701 *et seq.*, and U.S. Department of Labor regulations, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction (also Labor Standards Provisions Applicable to Non-construction Contracts Subject to the Contract Work Hours and Safety Standards Act)," 29 CFR Part 5.
- (B) Contractor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three (3) years from the completion of the contract for all laborers and mechanics, including guards and watchmen, working on the contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid.
- (C) Such records maintained under this section shall be made available by Contractor for inspection, copying, or transcription by authorized representatives of the Federal Transit Administration and the U.S. Department of Labor, and Contractor will permit such representatives to interview employees during working hours on the job.
- (D) Contractor shall require the inclusion of the language of this section in subcontracts of all tiers.

10. LOBBYING

The Contractor shall file the certification required by 49 C.F.R. Part 20, "New Restrictions on Lobbying." Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose the name of any registrant under the Lobbying Disclosure Act of 1995 who has made lobbying contacts on its behalf with non-Federal funds with respect to that Federal contract, grant or award covered by 31 U.S.C. § 1352. Such disclosures are forwarded from tier to tier up to the New Orleans Regional Transit Authority.

11. ACCESS TO RECORDS AND REPORTS

The following access to records requirements apply to this Contract:

- (A) The Contractor agrees to provide New Orleans Regional Transit Authority, the FTA Administrator, Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions. The Contractor will retain, and will require its subcontractors of all tiers to retain, complete and readily accessible records related in whole or in part to the contract, including but not limited to data, documents, reports, statistics, subagreements, leases, subcontracts, arrangements, other third-party agreements of any type, and supporting materials related to those records.
- (B) The Contractor agrees to permit FTA and its contractors access to the sites of performance under this contract as reasonably may be required.
- (C) The Contractor agrees to provide sufficient access to FTA and its contractors to inspect and audit information related to the performance of the contract as reasonably may be required. The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed. This right of access is not limited to the required retention period set forth in (D) below, but continues as long as the records are retained.
- (D) The Contractor agrees to comply with the record retention requirements in accordance with 2 C.F.R. 200.333. The Contractor shall maintain all books, records, accounts, and reports required under this contract for a period of not less than three years after the date of termination or expiration of this contract, except in the event of litigation or settlement of claims arising from the performance of this contract, in which case the Contractor agrees to maintain the records until the disposition of all such litigation, appeals, claims, or exceptions related thereto.

12. CHANGES TO FEDERAL REQUIREMENTS

The Contractor shall at all times comply with all applicable FTA regulations, policies, procedures, and directives, including without limitation those listed directly or by reference in the Master Agreement between New Orleans Regional Transit Authority and the FTA, as they may be amended or promulgated from time to time during the term of this contract. The Contractor's failure to so comply shall constitute a material breach of this contract.

13. CLEAN AIR

(A) The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. §§ 7401, et seq. The Contractor agrees to report each violation to the New Orleans Regional Transit Authority and understands and agrees that New Orleans Regional Transit Authority the will, in turn, report each violation as required to assure notification to FTA and the appropriate EPA Regional Office.

(B) The Contractor also agrees to include these requirements in each subcontract exceeding \$100,000 financed in whole or in part with Federal assistance provided by FTA.

14. RECYCLED PRODUCTS

The Contractor agrees to provide a preference for those products and services that conserve natural resources, protect the environment and are energy efficient by complying and facilitating compliance with Section 6002 of the Resource Conservation and Recovery Act (RCRA), as amended (42 U.S.C. § 6962), and U.S. Environmental Protection Agency (EPA) "Comprehensive Procurement Guideline for Products Containing Recovered Materials," 40 C.F.R. Part 247.

15. NO FEDERAL GOVERNMENT OBLIGATION TO THIRD PARTIES

- (A) New Orleans Regional Transit Authority and Contractor acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this contract and shall not be subject to any obligations or liabilities to New Orleans Regional Transit Authority, the Contractor, or any other party (whether or not a part to that contract) pertaining to any matter resulting from the underlying contract.
- (B) The Contractor agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

16. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS AND RELATED ACTS

- (A) The Contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. §§ 3801, et seq., and U.S. DOT regulations, "Program Fraud Civil Remedies", 49 C.F.R. Part 31, apply to its actions pertaining to this contract. Upon execution of this contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Contractor to the extent the Federal Government deems appropriate.
- (B) The Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious,

or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. Chapter 53, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5323(I) on the Contractor, to the extent the Federal Government deems appropriate.

(C) The Contractor agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

17. GOVERNMENT-WIDE DEBARMENT AND SUSPENSION

- (A) The Contractor shall comply and facilitate compliance with U.S. DOT regulations, "Nonprocurement Suspension and Debarment," 2 C.F.R. Part 1200, which adopts and supplements the U.S. Office of Management and Budget (U.S. OMB) "Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement)," 2 C.F.R. Part 180. These provisions apply to each contract at any tier of \$25,000 or more, and to each contract at any tier for a federally required audit (irrespective of the contract amount), and to each contract at any tier that must be approved by an FTA official irrespective of the contract amount. As such, the Contractor shall verify that its principals, affiliates, and subcontractors are eligible to participate in this federally funded contract and are not presently declared by any Federal department or agency to be:
 - (i) Debarred from participation in any federally assisted Award;
 - (ii) Suspended from participation in any federally assisted Award;
 - (iii) Proposed for debarment from participation in any federally assisted Award;
 - (iv) Declared ineligible to participate in any federally assisted Award;
 - (v) Voluntarily excluded from participation in any federally assisted Award; or
 - (vi) Disqualified from participation in any federally assisted Award.
- (b) The Contractor has provided the New Orleans Regional Transit Authority with an attached certification addressing its debarment and suspension status and that of its principals, affiliates, and subcontractors. The Contractor shall promptly inform the New Orleans Regional Transit Authority of any change in the suspension or debarment status of the Contractor or its principals, affiliates, and subcontractors during the term of the Contract. Further, the Contractor shall include a provision requiring compliance with the requirements of 2 C.F.R. Part 180, Subpart C, as supplemented by 2 C.F.R. Part 1200 in its lower-tier covered transactions.

18. NATIONAL TRANSIT DATABASE

Contractor shall comply with and facilitate compliance with 49 U.S.C. § 5335(a), which authorizes the National Transit Database (NTD); conform to the NTD reporting system and the Uniform System of Accounts and Records; comply with FTA regulations, "Uniform System

of Accounts and Records and Reporting System" at 49 C.F.R. Part 630; report information relating to, and the condition of, its public transportation assets, as provided in FTA regulations, "Transit Asset Management; National Transit Database," at 49 C.F.R. Parts 625 and 630; comply with any other applicable reporting regulations and requirements; and follow FTA guidance.

19. PRIVACY ACT

- (A) The Contractor agrees to comply with, and assures the compliance of its employees with, the information restrictions and other applicable requirements of the Privacy Act of 1974, 5 U.S.C. § 552a. Among other things, the Contractor agrees to obtain the express consent of the Federal Government before the Contractor or its employees operate a system of records on behalf of the Federal Government. The Contractor understands that the requirements of the Privacy Act, including the civil and criminal penalties for violation of that Act, apply to those individuals involved, and that failure to comply with the terms of the Privacy Act may result in termination of the underlying contract.
- (B) The Contractor also agrees to include these requirements in each subcontract to administer any system of records on behalf of the Federal Government financed in whole or in part with Federal assistance provided by FTA.

20. CIVIL RIGHTS REQUIREMENTS

The Contractor agrees to comply with all applicable civil rights laws and regulations in accordance with applicable federal directives. The Contractor agrees to include these requirements in each subcontract financed in whole or in part with Federal assistance provided by FTA, modified only if necessary to identify the affected parties. These include, but are not limited to, the following:

(A) Nondiscrimination

In accordance with Title VI of the Civil Rights Act, as amended, 42 U.S.C. § 2000d, Section 303 of the Age Discrimination Act of 1975, as amended, 42 U.S.C. § 6102, Section 202 of the Americans with Disabilities Act of 1990, 42 U.S.C. § 12132, and Federal transit law at 49 U.S.C. § 5332, the Contractor agrees that it will not discriminate against any employee or applicant for employment because of race, color, creed, national origin, sex, age, or disability in the performance of this Contract. In addition, the Contractor agrees to comply with applicable Federal implementing regulations and other implementing requirements FTA may issue.

(B) Equal Employment Opportunity

(1) Race, Color, Religion, Sex, Sexual Orientation, Gender Identity, and National Origin.

In accordance with Title VII of the Civil Rights Act, as amended, 42 U.S.C. § 2000e, and Federal transit laws at 49 U.S.C. § 5332, the Contractor agrees to comply with all applicable equal employment opportunity requirements of U.S. Department of Labor (U.S. DOL) regulations, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," 41 C.F.R. Part 60, et seq., (which implement Executive Order No. 11246, "Equal Employment Opportunity," as amended by Executive Order No. 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and Executive Order 13672, "Further Amendments to Executive Order 11478, Equal Employment Opportunity in the Federal Government, and Executive Order 11246, Equal Employment Opportunity," 42 U.S.C. § 2000e note), and with any applicable Federal statutes, executive orders, regulations, and Federal policies that may in the future affect activities subject to this contract. The Contractor agrees that it will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, national origin, or age. The Contractor agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, or age. Such action includes, but is not limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. In addition, the Contractor agrees to comply with any implementing requirements that FTA may issue.

- (2) Age. In accordance with section 4 of the Age Discrimination in Employment Act of 1967, as amended, 29 U.S.C. § 623 and Federal transit law at 49 U.S.C. § 5332, the Contractor agrees to refrain from discrimination against present and prospective employees for reason of age. In addition, the Contractor agrees to comply with any implementing requirements that FTA may issue.
- (3) <u>Disabilities.</u> In accordance with section 102 of the Americans with Disabilities Act, as amended, 42 U.S.C. § 12112, the Contractor agrees that it will comply with the requirements of U.S. Equal Employment Opportunity Commission, "Regulations to Implement the Equal Employment Provisions of the Americans with Disabilities Act," 29 C.F.R. Part 1630, pertaining to employment of persons with disabilities. In addition, the Contractor agrees to comply with any implementing requirements that FTA may issue.
- (C) Access for Elderly Individuals and Individuals with Disabilities. The Contractor agrees to comply with all applicable provisions of Section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794, the Americans with Disabilities Act of 1990, 42 U.S.C. § 12101, et seq., and the Architectural Barrier Act of 1968, as amended, 42 U.S.C. § 4151, et seq. In addition, the Contractor agrees to comply with all applicable requirements of "Transportation Services for Individuals with Disabilities (ADA)," 49 C.F.R. Part 37 (including, but not limited to, service requirements and reasonable modification standards contained in 49 C.F.R. § 37.161-173 and Appendix E thereto), and "Transportation for Elderly and Handicapped Persons," 49 C.F.R. Part 609, and any other implementing requirements that may be issued.

- (D) <u>Drug or Alcohol Abuse Confidentiality and Other Civil Rights Protections</u>. To the extent applicable, the Contractor agrees to comply with the confidentiality and civil rights protections of the Drug Abuse Office and Treatment Act of 1972, as amended, 21 U.S.C. § 1101, *et seq.*, the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment, and Rehabilitation Act of 1970, as amended, 42 U.S.C. § 4541, *et seq.*, and the Public Health Service Act, as amended, 42 U.S.C. §§ 290dd-290dd-2.
- (E) <u>Access to Services for Persons with Limited English Proficiency</u>. The Contractor agrees to promote accessibility of public transportation services to persons with limited understanding of English by following Executive Order No. 13166, "Improving Access to Services for Persons with Limited English Proficiency," 42 U.S.C. § 2000d-1 note, and U.S. DOT Notice, "DOT Policy Guidance Concerning Recipients' Responsibilities to Limited English Proficiency (LEP) Persons," 70 Fed. Reg. 74087, Dec. 14, 2005.

21. DISADVANTAGED BUSINESS ENTERPRISES (DBE)

- (A) This contract is subject to the requirements of 49 C.F.R Part 26, Participation by Disadvantaged Business Enterprises in DOT Financial Assistance Programs.
- (B) The Contractor and any subcontractors shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The Contractor shall carry out applicable requirements of 49 CFR part 26 in the award and administration of this DOT assisted contract. Failure by the Contractor to carry out these requirements is a material breach of this contract, which may result in termination of this contract or such other remedy as the New Orleans Regional Transit Authority deems appropriate. See 49 CFR 26.13(b). Each subcontract that the Contractor enters into with a subcontractor must include the assurance in this subsection.

22. ACCESS REQUIREMENTS FOR INDIVIDUALS WITH DISABILITIES

The Contractor shall comply with all applicable requirements of the Americans with Disabilities Act of 1990 (ADA), 42 U.S.C. §§ 12101, et seq.; Section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794; 49 U.S.C. § 5301(d); and the following regulations and any amendments thereto:

- 1. U.S. DOT regulations, "Transportation Services for Individuals with Disabilities (ADA)", 49 C.F.R. Part 37;
- 2. U.S. DOT regulations, "Nondiscrimination on the Basis of Handicap in Programs and Activities Receiving or Benefitting from Federal Financial Assistance", 49 C.F.R. Part 27;
- 3. U.S. DOT regulations, "Americans with Disabilities (ADA) Accessibility Specifications for Transportation Vehicles", 49 C.F.R. Part 38;
- 4. Department of Justice (DOJ) regulations, "Nondiscrimination on the Basis of Disability in State and Local Government Services", 28 C.F.R. Part 35;

- 5. DOJ regulations, "Nondiscrimination on the Basis of Disability by Public Accommodations and in Commercial Facilities", 28 C.F.R. Part 26;
- 6. U.S. GSA regulations, "Accommodations for the Physically Handicapped", 41 C.F.R. Subpart 101-19;
- 7. U.S. Equal Employment Opportunity Commission, "Regulations to Implement the Equal Employment Provisions of the Americans with Disabilities Act", 29 C.F.R. Part 1630;
- 8. U.S. Federal Communications Commission regulations, "Telecommunications Relay Services and Related Customer Premises Equipment for the hearing and Speech Disabled", 47 C.F.R. Part 64, Subpart F; and
- 9. FTA regulations, "Transportation for Elderly and Handicapped Persons", 49 C.F.R. Part 609.

23. SAFE OPERATION OF MOTOR VEHICLES

- (A) <u>Seat Belt Use</u>. The Contractor is encouraged to adopt and promote on-the-job seat belt use policies and programs for its employees and other personnel that operate company-owned vehicles, company-rented vehicles, or personally operated vehicles. The terms "company-owned" and "company-leased" refer to vehicles owned or leased either by the Contractor or the New Orleans Regional Transit Authority.
- (B) <u>Distracted Driving</u>. The Contractor agrees to adopt and enforce workplace safety policies to decrease crashes caused by distracted drivers, including policies to ban text messaging while using an electronic device supplied by an employer, and driving a vehicle the driver owns or rents, a vehicle Contractor owns, leases, or rents, or a privately-owned vehicle when on official business in connection with the work performed under this contract.

24. OTHER ENVIRONMENTAL PROTECTIONS

The Contractor shall comply and facilitate compliance with all Federal environmental laws, regulations, and requirements, and will follow applicable guidance regarding them. These laws, regulations, and requirements include (but are not limited to) the Clean Air Act, Clean Water Act, Wild and Scenic Rivers Act of 1968, Coastal Zone Management Act of 1972, the Endangered Species Act of 1973, Magnuson Stevens Fishery Conservation and Management Act, Resource Conservation and Recovery Act, Comprehensive Environmental Response, Compensation, and Liability Act, Executive Order No. 11990 relating to "Protection of Wetlands," and Executive Order No. 11988, as amended, "Floodplain Management."

25. INCORPORATION OF FEDERAL TRANSIT ADMINISTRATION TERMS

The preceding provisions include, in part, certain standard terms and conditions required by

DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions in this contract. The Contractor shall not perform any act, fail to perform any act, or refuse to comply with any New Orleans Regional Transit Authority requests which would cause New Orleans Regional Transit Authority to be in violation of the FTA terms and conditions

26. TERMINATION FOR CONVENIENCE

The RTA may terminate this contract, in whole or in part, at any time by written notice to the Contractor when it is in the RTA's and/or the Government best interest. The Contractor shall be paid its costs, including contract close-out costs, and profit on work performed up to the time of termination. The Contractor shall promptly submit its termination claim to RTA to be paid the Contractor. If the Contractor has any property in its possession belonging to the RTA, the Contractor will account for the same, and dispose of it in the manner the RTA directs.

-27. TERMINATION FOR CAUSE>

If the Contractor does not deliver supplies in accordance with the contract delivery schedule, or, if the contract is for services, the Contractor fails to perform in the manner called for in the contract, or if the Contractor fails to comply with any other provisions of the contract, the RTA may terminate this contract for default. Termination shall be affected by serving a notice of termination on the contractor setting forth the manner in which the Contractor is in default. The contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth in the contract. If it is later determined by the RTA that the Contractor had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of the Contractor, the RTA, after setting up a new delivery of performance schedule, may allow the Contractor to continue work, or treat the termination as a termination for convenience.

28. OPPORTUNITY TO CURE

The RTA at its sole discretion may, in the case of a termination for cause, allow the Contractor seven (7) calendar in which to cure the defect. In such case, the notice of termination will state the time period in which cure is permitted and other appropriate conditions. If Contractor fails to remedy to RTA's satisfaction the breach or default or any of the terms, covenants, or conditions of this Contract within ten (10) days after receipt by Contractor of written notice from RTA setting forth the nature of said breach or default, RTA shall have the right to terminate the Contract without any further obligation to Contractor. Any such termination for default shall not in any way operate to preclude RTA from also

pursuing all available remedies against Contractor and its sureties for said breach or default.

29. WAIVER OF REMEDIES FOR ANY BREACH

In the event that RTA elects to waive its remedies for any breach by Contractor of any covenant, term or condition of this Contract, such waiver by RTA shall not limit RTA's remedies for any succeeding breach of that or of any other term, covenant, or condition of this Contract.

FOR PROCUREMENT USE ONLY Type of Procurement Requested: (circle one) **IFB RFO** RFP Invitation for Bid (IFB) This competitive method of awarding contracts is used for procurements of more than \$25,000

in value. The agency knows exactly what and how many of everything it needs in the contract, as well as when and how the products and services are to be delivered. The award is generally based on price.

Request for Quote (RFQ) This type of solicitation is often used to determine current market pricing.

Request for Proposal (RFP)This approach to contracting occurs when the agency isn't certain about what it wants and is looking to you to develop a solution and cost estimate.

Sole Source (SS) this procurement can be defined as any contract entered into without a competitive process, based on a justification that only one known source exists or that only one single supplier can fulfill the requirements.

1430002.6810.06101

Two-step Procurement - request for qualifications step-one used in the formal process of procuring a product or service, It is typically used as a screening step to establish a pool of vendors that are then qualified, and thus eligible to submit responses to a request for price proposal (RFP). In this two-step process, the response to the RFQ will describe the company or individual's general qualifications to perform a service or supply a product, and RFP will describe specific details or price proposals.

SOLE SOURCE JUSTIFICATION FOR CINTAS

FTA C 4220.1F states: Sole Source Justification - If the recipient decides to solicit an offer from only one source, the recipient must justify its decision adequately in light of the standards of subparagraph 3.i(1)(b) of this Chapter. FTA expects this sole source justification to be in writing.
1. The materials/services listed on Requisition numberis available from only one source and competition is precluded for reasons indicated below. There are no substitutes available.
2. This acquisition is restricted to the following source:
Manufacturer: Cintas Manufacturer Address: 120 Canvasback Dr, St Rose, La 70087 Manufacturer's Dealer/Representative: Keegan Haid Dealer/Representative Address and Phone Number: 808-282-7623
3. Description of the materials/service required, the estimated cost, and required delivery date.
On 11/20/2020, The RTA entered into a 36-month agreement with Cintas to supply uniforms, hand soap, floormats, and paper towels. Currently, the RTA is in need of creating a PO to go along with the contract. The value of the contract is \$479,974.
4. Specific characteristics of the materials/service that limit the availability to a sole source are unique features and functionality of the system.
What is unique about this procurement is we have been receiving products and services from Cintas since the operational transition from Transdev to the RTA, but have not yet issued a PO. The RTA entered into an agreement with Cintas, committing the RTA to a 36-month service term. This represents a continuation of services previously provided via the Transdev management contracts.
5. Check and fill in all that are applicable:
☐ The material or service must be compatible in all aspects (form, fit, and function) with existing systems presently installed. Describe the equipment you have now and how the new materials/service must coordinate, connect, or interface with the existing system: See attached.
☐ A patent, copyright, or proprietary data limits competition. The proprietary data are described as follows:
☐ These are "direct replacement" parts/components for existing equipment.

(a) Sole Source. When the recipient requires supplies or services available from only one responsible source, and no other supplies or services will satisfy its requirements, the recipient may make a sole

Federal requirements attached as Exhibit A

STANDARD UNIFORM RENTAL SERVICE AGREEMENT RENEWAL

- 1. The Customer, its successors and assigns ("Customer") orders from CINTAS CORPORATION or any of its subsidiaries, successors and assigns ("Company") all of the Customer's requirements of garment rental services and other materials covered by this agreement during the term of this agreement all in accordance with the pricing, terms and conditions contained herein. Pricing is based on 52 weeks billing per rental material per year.
- 2. All garments and other rented materials will be cleaned and maintained by Company and remain the properly of the Company. Any garments that require replacement due to normal wear will be replaced by Company at no charge to Customer.
- 3. Unless specified atherwise, the garments supplied under this Agreement are not personal protective equipment and have no special protective or other characteristics, including but not limited to, flame resistant or acid resistant properties. Specialty apparel and personal protective equipment may be available from Company upon request and would be covered under additional terms. Customer warrants that none of the employees for whom garments are supplied under this agreement require flame retardant or acid resistant clothing.
- 4. Customer is ultimately responsible for choosing the type and placement of any floor mats provided by Company and ensuring floor safety conditions at its locations. If a mat needs to be replaced for any reason prior to its next scheduled service, Customer should remove it and contact Company to request replacement.
- 5. Customer agrees to notify Company, in writing, of any hazardous materials, including lead, arsenic, hexavalent chromium and cadmium, that may be picked up by Company in the soiled garments or other textiles serviced under this agreement. In no case will hazardous materials be present to the extent that they may be harmful to Company's employees.
- 6. The weekly rental charge for any individual leaving the employ of Customer can be terminated, but only after all garments issued to that individual, or the current replacement value of same, have been returned or paid to Company. Any non-standard, or special products (i.e., logo mats) must be purchased by the Customer if service is stopped for any reason. If materials are lost or damaged by any means Customer will pay the then current replacement values for said materials. Should Customer require garment sizes that are outside the standard size range, Customer agrees to pay the specific premium price for those materials and sizes designated under Uniform Pricing.
- 7. This agreement is effective as of the date of execution. The initial term of this agreement shall be as set forth on the front of this agreement and shall automatically renew for the same period of time unless Company is notified, to the contrary, in writing, no more than 180 days, but no less than 90 days in advance of the expiration of the then current term, Company has the right to increase prices. The Customer has the right to reject the price increase within ten (10) days of the notice. If Customer rejects the price increase, Company may terminate this agreement. All invoices must be paid within ten days after the end of the month. Interest will accrue on any amounts which are not paid when due from the date due to the date of payment in full at an annual percentage rate equal to the lesser of (a) eighteen percent 18% or (b) the maximum rate permitted by applicable law.
- 8. Company is a licensee and not the owner of the Carhartt trademarked products. If Company should no longer have such license, then Company will substitute the Carhartt trademarked garments with garments of similar material and quality.
- 9. Customer hereby agrees to defend, Indemnify and hold harmless Company from any claims and damages arising out of or associated with this agreement.
- 10. Company guarantees to deliver the highest quality textile rental service at all times. Any complaints about the quality of the service which have not been resolved in the normal course of business must be sent by registered letter to Company's General Manager, if Company then fails to resolve any material complaint in a reasonable period of time, Customer may terminate this agreement provided all rental materials are paid for at the then current replacement values or returned to Company in good and usable condition.
- 11. Additional customer employees, products and services may be added to this agreement and shall automatically become a part of and subject to the terms and provisions of this agreement. If this agreement is terminated early, the parties agree that the damages sustained by Company will be substantial and difficult to ascertain. Therefore, if this agreement is terminated by Customer prior to the applicable expiration date for any reason other than documented quality of service reasons which are not cured as set forth above, or terminated by Company for cause at any time, Customer will pay to Company, as liquidated damages and not as a penalty, the greater of 50% of the average weekly invoice total multiplied by the number of weeks remaining in the unexpired term, or buy back all garments and other products allocated to Customer at the then current replacement values. Customer shall also be responsible for any unpaid charges on Customer's account prior to termination.
- 12. While this agreement is in effect, Customer agrees to pay a weekly minimum charge equal to 75% of(a) the charges on the initial invoice and (b) the charges for additional products and services added after the initial invoice.
- 13. Any dispute or matter arising in connection with or relating to this agreement shall be resolved by binding and final arbitration. The arbitration shall be conducted pursuant to applicable state or federal arbitration laws. Any such dispute shall be determined on an individual basis, shall be considered unique as to its facts, and shall not be consolidated in any arbitration or other proceeding with any claim or controversy of any other party. The exclusive jurisdiction and forum for resolution of any such dispute shall lie within the state where Customer is located.
- 14. Customer certifies that Company is in no way infringing upon any existing contract between Customer and any other service provider,
- 15. This agreement contains the entire agreement of the parties with respect to the subject matter of this agreement and supersedes all prior negotiations, agreements and understandings with respect thereto, and any terms and conditions set forth in subsequent purchase orders or other documents issued by customer, in which case, the terms of this agreement shall control.
- 16. This agreement may not be modified, amended or supplemented except in writing signed by an authorized representative of Company, provided, however, if a federal, state or local government body or its representative is a party to this agreement, the proposal modification, amendment, or supplement must be in a writing signed by a President or a Senior Vice President of Company.
- 17. If Company provides flame resistant clothing to Customer, Customer agrees it bears sole responsibility for selecting the flame resistant clothing and fabrics ("FRC") under this Agreement determining whether such items are appropriate for use by its employees and agents in their applicable work environment(s). CUSTOMER ACKNOWLEDGES THAT COMPANY HAS MADE NO REPRESENTATION, WARRANTY, OR

R-2100A RENEWAL

COVENANT WITH RESPECT TO THE FLAME-RESISTANT QUALITIES OR OTHER CHARACTERISTICS OF THE FRC OR WITH RESPECT TO THEIR FITNESS OR SUITABILITY FOR THIS OR ANY OTHER PURPOSE. COMPANY MAKES NO REPRESENTATION WHETHER THE FRC CONSTITUTES APPROPRIATE PERSONAL PROTECTIVE EQUIPMENT FOR THE ENVIRONMENT(S) TO WHICH CUSTOMER'S EMPLOYEES OR AGENTS MAY BE EXPOSED OR AS TO THE FRC'S ABILITY TO PROTECT USERS FROM INJURY OR DEATH. Customer agrees to notify all employees and other agents of Customer who may wear or will be wearing the FRC that it is not designed for substantial heat exposure or for use around open flames. Customer acknowledges that compliance with any and all OSHA or other similar regulations or requirements relating to personal protective equipment is the sole responsibility of Customer. Further, Customer releases Company from any and all liability that results or may result from the use of the garments, including but not limited to any alleged failure of the FRC to function as flame-resistant or provide indemnify and hold harmless Company from any claims and damages arising out of or associated with this Agreement or resulting from Customer's or its employees' use of the FRC.

EXHIBIT A

FEDERAL REQUIREMENTS

It is a requirement of the Federal Government that activities financed, in part, with Federal funds and performed by a third-party contractor and its subcontractors on behalf of a Federal grantee must be carried out in accordance with applicable Federal requirements.

Activities performed under this contract, and any amendments thereto, may be financed in part, by a grant from the United States Department of Transportation (DOT), Federal Transit Administration (FTA) to the New Orleans Regional Transit Authority, and if so, would therefore be subject to the applicable grant terms, conditions, and regulations. Accordingly, the Contractor and its subcontractors performing activities under this contract must adhere to the Federal requirements stated herein as a condition of satisfactory performance.

All subcontracts and subcontractors employed as a result of this contract are subject to the same conditions and requirements as set forth herein unless specifically exempted. The Contractor shall ensure that its subcontractors at all tiers are made aware of and comply with these Federal requirements. The Contractor will be held liable for compliance failures by its subcontractors. Failure to comply will render the Contractor responsible for damages and/or contract termination.

1. BUY AMERICA REQUIREMENTS

If the Contractor uses Federal funds to purchase any capital items to be used in providing services under the contract, the Contractor shall comply with the applicable Buy America requirements set forth in 49 U.S.C. § 5323(j) and the applicable regulations in 49 C.F.R. Part 661, as amended, and shall be responsible for obtaining the Buy America certification required under such regulations.

2. FLY AMERICA REQUIREMENTS

As used herein: "International air transportation" means transportation by air between a place in the United States and a place outside the United States or between two places both of which are outside the United States. "United States" means the 50 States, the District of Columbia, and outlying areas. "U.S.-flag air carrier" means an air carrier holding a certificate under 49 U.S.C. Ch. 411.

When Federal funds are used to fund travel, Section 5 of the International Air Transportation Fair Competitive Practices Act of 1974 (49 U.S.C. 40118) (Fly America Act) requires contractors, recipients, and others use U.S.-flag air carriers for U.S. Government-financed international air transportation of personnel (and their personal effects) or property, to the extent that service by those carriers is available. It requires the Comptroller General of the United States, in the absence of satisfactory proof of the necessity for foreign-flag air transportation, to disallow expenditures from funds, appropriated or otherwise established for the account of the United States, for international air transportation secured aboard a foreign-flag air carrier if a U.S.-flag air carrier is available to provide such services.

If available, the Contractor, in performing work under this contract, shall use U.S.-flag carriers for international air transportation of personnel (and their personal effects) or property. In the event that the Contractor selects a carrier other than a U.S.-flag air carrier for international air transportation, the Contractor shall include a statement on vouchers involving such transportation essentially as follows:

Statement of Unavailability of U.S.-Flag Air Carriers:

International air transportation of persons (and their personal effects) or property by U.S.-flag air carrier was not available or it was necessary to use foreign-flag air carrier service for the following reasons. See FAR § 47.403. [State reasons].

The Contractor shall include the substance of this clause, including this subsection (d), in each subcontract or purchase under this Contract that may involve international air transportation.

3. INTELLIGENT TRANSPORTATION SYSTEMS—NATIONAL ARCHITECTURE

If necessary, the Contractor agrees to conform to the National Intelligent Transportation System (ITS) Architecture requirements of 23 U.S.C. § 517(d), unless it obtains an exemption from those requirements, and to follow FTA Notice, "FTA National ITS Architecture Policy on Transit Projects," 66 Fed. Reg. 1455, January 8, 2001, and all other applicable Federal guidance.

4. CHARTER SERVICE OPERATION

The Contractor agrees to comply with 49 U.S.C. § 5323(d) and 49 C.F.R. Part 604, which provides that recipients and subrecipients of FTA assistance are prohibited from providing charter service using federally funded equipment or facilities if there is at least one private charter operator willing and able to provide the service, except under one of the exceptions at 49 C.F.R. 604.9. Any charter service provided under one of the exceptions must be "incidental," i.e., it must not interfere with or detract from the provision of mass transportation.

5. SCHOOL BUS REQUIREMENTS

The Contractor agrees to comply with 49 U.S.C. § 5323(f) and 49 C.F.R. Part 605, which provide that recipients and subrecipients of FTA assistance may not engage in school bus operations exclusively for the transportation of students and school personnel in competition with private school bus operators unless qualified under specified exemptions. When operating exclusive school bus service under an allowable exemption, recipients and subrecipients may not use federally funded equipment, vehicles, or facilities.

6. CARGO PREFERENCE REQUIREMENTS

If the Contractor uses Federal funds to purchase any capital items from foreign sources under the contract, the Contractor agrees:

- (A) To use privately owned U.S.-Flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers), involved, whenever shipping any equipment, material, or commodities pursuant to the underlying contract to the extent such vessels are available at fair and reasonable rates for U.S.-Flag commercial vessels;
- (B) To furnish within 20 working days following the date of loading for shipments originating within the United States, or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, "on-board" commercial ocean bill-of-lading in English for each shipment of cargo described in the preceding paragraph to the Division of National Cargo, Office of Market Development, Maritime Administration, Washington, D.C. 20590 and to the FTA recipient (through the Contractor in the case of a subcontractor's bill of lading);
- (C) To include these requirements in all subcontracts issued pursuant to this contract when the subcontract may involve the transport of equipment, material, or commodities by ocean vessel.

7. ENERGY CONSERVATION

The Contractor agrees to comply with mandatory standards and policies relating to energy efficiency that are contained in the State Energy Conservation Plan issued in compliance with the Energy Policy and Conservation Act (49 U.S.C. § 6321, et seq.), 49 C.F.R. Part 18.

8. CLEAN WATER REQUIREMENTS

(A) The Contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. § 1251, et seq. The Contractor agrees to report each violation to the New Orleans Regional Transit Authority and understands and agrees that the New Orleans Regional Transit Authority will, in turn, report each violation as required to assure notification to FTA and the appropriate Environmental Protection Agency (EPA) Regional Office.

(B) The Contractor also agrees to include these requirements in each subcontract exceeding \$100,000 financed in whole or in part with Federal assistance provided by FTA.

9. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT—NON-CONSTRUCTION

- (A) Contractor shall comply with all Federal laws, regulations, and requirements providing wage and hour protections for non-construction employees, in accordance with 40 U.S.C. § 3702, Contract Work Hours and Safety Standards Act, and other relevant parts of that Act, 40 U.S.C. § 3701 et seq., and U.S. Department of Labor regulations, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction (also Labor Standards Provisions Applicable to Non-construction Contracts Subject to the Contract Work Hours and Safety Standards Act)," 29 CFR Part 5.
- (B) Contractor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three (3) years from the completion of the contract for all laborers and mechanics, including guards and watchmen, working on the contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid.
- (C) Such records maintained under this section shall be made available by Contractor for inspection, copying, or transcription by authorized representatives of the Federal Transit Administration and the U.S. Department of Labor, and Contractor will permit such representatives to interview employees during working hours on the job.
- (D) Contractor shall require the inclusion of the language of this section in subcontracts of all tiers.

10. LOBBYING

The Contractor shall file the certification required by 49 C.F.R. Part 20, "New Restrictions on Lobbying." Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose the name of any registrant under the Lobbying Disclosure Act of 1995 who has made lobbying contacts on its behalf with non-Federal funds with respect to that Federal contract, grant or award covered by 31 U.S.C. § 1352. Such disclosures are forwarded from tier to tier up to the New Orleans Regional Transit Authority.

11. ACCESS TO RECORDS AND REPORTS

The following access to records requirements apply to this Contract:

- (A) The Contractor agrees to provide New Orleans Regional Transit Authority, the FTA Administrator, Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions. The Contractor will retain, and will require its subcontractors of all tiers to retain, complete and readily accessible records related in whole or in part to the contract, including but not limited to data, documents, reports, statistics, subagreements, leases, subcontracts, arrangements, other third-party agreements of any type, and supporting materials related to those records.
- (B) The Contractor agrees to permit FTA and its contractors access to the sites of performance under this contract as reasonably may be required.
- (C) The Contractor agrees to provide sufficient access to FTA and its contractors to inspect and audit information related to the performance of the contract as reasonably may be required. The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed. This right of access is not limited to the required retention period set forth in (D) below, but continues as long as the records are retained.
- (D) The Contractor agrees to comply with the record retention requirements in accordance with 2 C.F.R. 200.333. The Contractor shall maintain all books, records, accounts, and reports required under this contract for a period of not less than three years after the date of termination or expiration of this contract, except in the event of litigation or settlement of claims arising from the performance of this contract, in which case the Contractor agrees to maintain the records until the disposition of all such litigation, appeals, claims, or exceptions related thereto.

12. CHANGES TO FEDERAL REQUIREMENTS

The Contractor shall at all times comply with all applicable FTA regulations, policies, procedures, and directives, including without limitation those listed directly or by reference in the Master Agreement between New Orleans Regional Transit Authority and the FTA, as they may be amended or promulgated from time to time during the term of this contract. The Contractor's failure to so comply shall constitute a material breach of this contract.

13. CLEAN AIR

(A) The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. §§ 7401, et seq. The Contractor agrees to report each violation to the New Orleans Regional Transit Authority and understands and agrees that New Orleans Regional Transit Authority the will, in turn, report each violation as required to assure notification to FTA and the appropriate EPA Regional Office.

(B) The Contractor also agrees to include these requirements in each subcontract exceeding \$100,000 financed in whole or in part with Federal assistance provided by FTA.

14. RECYCLED PRODUCTS

The Contractor agrees to provide a preference for those products and services that conserve natural resources, protect the environment and are energy efficient by complying and facilitating compliance with Section 6002 of the Resource Conservation and Recovery Act (RCRA), as amended (42 U.S.C. § 6962), and U.S. Environmental Protection Agency (EPA) "Comprehensive Procurement Guideline for Products Containing Recovered Materials," 40 C.F.R. Part 247.

15. NO FEDERAL GOVERNMENT OBLIGATION TO THIRD PARTIES

- (A) New Orleans Regional Transit Authority and Contractor acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this contract and shall not be subject to any obligations or liabilities to New Orleans Regional Transit Authority, the Contractor, or any other party (whether or not a part to that contract) pertaining to any matter resulting from the underlying contract.
- (B) The Contractor agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

16. PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS AND RELATED ACTS

- (A) The Contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. §§ 3801, et seq., and U.S. DOT regulations, "Program Fraud Civil Remedies", 49 C.F.R. Part 31, apply to its actions pertaining to this contract. Upon execution of this contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Contractor to the extent the Federal Government deems appropriate.
- (B) The Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious,

or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. Chapter 53, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5323(I) on the Contractor, to the extent the Federal Government deems appropriate.

(C) The Contractor agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

17. GOVERNMENT-WIDE DEBARMENT AND SUSPENSION

- (A) The Contractor shall comply and facilitate compliance with U.S. DOT regulations, "Nonprocurement Suspension and Debarment," 2 C.F.R. Part 1200, which adopts and supplements the U.S. Office of Management and Budget (U.S. OMB) "Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement)," 2 C.F.R. Part 180. These provisions apply to each contract at any tier of \$25,000 or more, and to each contract at any tier for a federally required audit (irrespective of the contract amount), and to each contract at any tier that must be approved by an FTA official irrespective of the contract amount. As such, the Contractor shall verify that its principals, affiliates, and subcontractors are eligible to participate in this federally funded contract and are not presently declared by any Federal department or agency to be:
 - (i) Debarred from participation in any federally assisted Award;
 - (ii) Suspended from participation in any federally assisted Award;
 - (iii) Proposed for debarment from participation in any federally assisted Award;
 - (iv) Declared ineligible to participate in any federally assisted Award;
 - (v) Voluntarily excluded from participation in any federally assisted Award; or
 - (vi) Disqualified from participation in any federally assisted Award.
- (b) The Contractor has provided the New Orleans Regional Transit Authority with an attached certification addressing its debarment and suspension status and that of its principals, affiliates, and subcontractors. The Contractor shall promptly inform the New Orleans Regional Transit Authority of any change in the suspension or debarment status of the Contractor or its principals, affiliates, and subcontractors during the term of the Contract. Further, the Contractor shall include a provision requiring compliance with the requirements of 2 C.F.R. Part 180, Subpart C, as supplemented by 2 C.F.R. Part 1200 in its lower-tier covered transactions.

18. NATIONAL TRANSIT DATABASE

Contractor shall comply with and facilitate compliance with 49 U.S.C. § 5335(a), which authorizes the National Transit Database (NTD); conform to the NTD reporting system and the Uniform System of Accounts and Records; comply with FTA regulations, "Uniform System

of Accounts and Records and Reporting System" at 49 C.F.R. Part 630; report information relating to, and the condition of, its public transportation assets, as provided in FTA regulations, "Transit Asset Management; National Transit Database," at 49 C.F.R. Parts 625 and 630; comply with any other applicable reporting regulations and requirements; and follow FTA guidance.

19. PRIVACY ACT

- (A) The Contractor agrees to comply with, and assures the compliance of its employees with, the information restrictions and other applicable requirements of the Privacy Act of 1974, 5 U.S.C. § 552a. Among other things, the Contractor agrees to obtain the express consent of the Federal Government before the Contractor or its employees operate a system of records on behalf of the Federal Government. The Contractor understands that the requirements of the Privacy Act, including the civil and criminal penalties for violation of that Act, apply to those individuals involved, and that failure to comply with the terms of the Privacy Act may result in termination of the underlying contract.
- (B) The Contractor also agrees to include these requirements in each subcontract to administer any system of records on behalf of the Federal Government financed in whole or in part with Federal assistance provided by FTA.

20. CIVIL RIGHTS REQUIREMENTS

The Contractor agrees to comply with all applicable civil rights laws and regulations in accordance with applicable federal directives. The Contractor agrees to include these requirements in each subcontract financed in whole or in part with Federal assistance provided by FTA, modified only if necessary to identify the affected parties. These include, but are not limited to, the following:

(A) Nondiscrimination

In accordance with Title VI of the Civil Rights Act, as amended, 42 U.S.C. § 2000d, Section 303 of the Age Discrimination Act of 1975, as amended, 42 U.S.C. § 6102, Section 202 of the Americans with Disabilities Act of 1990, 42 U.S.C. § 12132, and Federal transit law at 49 U.S.C. § 5332, the Contractor agrees that it will not discriminate against any employee or applicant for employment because of race, color, creed, national origin, sex, age, or disability in the performance of this Contract. In addition, the Contractor agrees to comply with applicable Federal implementing regulations and other implementing requirements FTA may issue.

(B) Equal Employment Opportunity

(1) Race, Color, Religion, Sex, Sexual Orientation, Gender Identity, and National Origin.

In accordance with Title VII of the Civil Rights Act, as amended, 42 U.S.C. § 2000e, and Federal transit laws at 49 U.S.C. § 5332, the Contractor agrees to comply with all applicable equal employment opportunity requirements of U.S. Department of Labor (U.S. DOL) regulations, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," 41 C.F.R. Part 60, et seq., (which implement Executive Order No. 11246, "Equal Employment Opportunity," as amended by Executive Order No. 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and Executive Order 13672, "Further Amendments to Executive Order 11478, Equal Employment Opportunity in the Federal Government, and Executive Order 11246, Equal Employment Opportunity," 42 U.S.C. § 2000e note), and with any applicable Federal statutes, executive orders, regulations, and Federal policies that may in the future affect activities subject to this contract. The Contractor agrees that it will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, national origin, or age. The Contractor agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, or age. Such action includes, but is not limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. In addition, the Contractor agrees to comply with any implementing requirements that FTA may issue.

- (2) Age. In accordance with section 4 of the Age Discrimination in Employment Act of 1967, as amended, 29 U.S.C. § 623 and Federal transit law at 49 U.S.C. § 5332, the Contractor agrees to refrain from discrimination against present and prospective employees for reason of age. In addition, the Contractor agrees to comply with any implementing requirements that FTA may issue.
- (3) <u>Disabilities</u>. In accordance with section 102 of the Americans with Disabilities Act, as amended, 42 U.S.C. § 12112, the Contractor agrees that it will comply with the requirements of U.S. Equal Employment Opportunity Commission, "Regulations to Implement the Equal Employment Provisions of the Americans with Disabilities Act," 29 C.F.R. Part 1630, pertaining to employment of persons with disabilities. In addition, the Contractor agrees to comply with any implementing requirements that FTA may issue.
- (C) Access for Elderly Individuals and Individuals with Disabilities. The Contractor agrees to comply with all applicable provisions of Section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794, the Americans with Disabilities Act of 1990, 42 U.S.C. § 12101, et seq., and the Architectural Barrier Act of 1968, as amended, 42 U.S.C. § 4151, et seq. In addition, the Contractor agrees to comply with all applicable requirements of "Transportation Services for Individuals with Disabilities (ADA)," 49 C.F.R. Part 37 (including, but not limited to, service requirements and reasonable modification standards contained in 49 C.F.R. § 37.161-173 and Appendix E thereto), and "Transportation for Elderly and Handicapped Persons," 49 C.F.R. Part 609, and any other implementing requirements that may be issued.

- (D) <u>Drug or Alcohol Abuse Confidentiality and Other Civil Rights Protections</u>. To the extent applicable, the Contractor agrees to comply with the confidentiality and civil rights protections of the Drug Abuse Office and Treatment Act of 1972, as amended, 21 U.S.C. § 1101, et seq., the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment, and Rehabilitation Act of 1970, as amended, 42 U.S.C. § 4541, et seq., and the Public Health Service Act, as amended, 42 U.S.C. §§ 290dd-290dd-2.
- (E) Access to Services for Persons with Limited English Proficiency. The Contractor agrees to promote accessibility of public transportation services to persons with limited understanding of English by following Executive Order No. 13166, "Improving Access to Services for Persons with Limited English Proficiency," 42 U.S.C. § 2000d-1 note, and U.S. DOT Notice, "DOT Policy Guidance Concerning Recipients' Responsibilities to Limited English Proficiency (LEP) Persons," 70 Fed. Reg. 74087, Dec. 14, 2005.

21. DISADVANTAGED BUSINESS ENTERPRISES (DBE)

- (A) This contract is subject to the requirements of 49 C.F.R Part 26, Participation by Disadvantaged Business Enterprises in DOT Financial Assistance Programs.
- (B) The Contractor and any subcontractors shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The Contractor shall carry out applicable requirements of 49 CFR part 26 in the award and administration of this DOT assisted contract. Failure by the Contractor to carry out these requirements is a material breach of this contract, which may result in termination of this contract or such other remedy as the New Orleans Regional Transit Authority deems appropriate. See 49 CFR 26.13(b). Each subcontract that the Contractor enters into with a subcontractor must include the assurance in this subsection.

22. ACCESS REQUIREMENTS FOR INDIVIDUALS WITH DISABILITIES

The Contractor shall comply with all applicable requirements of the Americans with Disabilities Act of 1990 (ADA), 42 U.S.C. §§ 12101, et seq.; Section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794; 49 U.S.C. § 5301(d); and the following regulations and any amendments thereto:

- U.S. DOT regulations, "Transportation Services for Individuals with Disabilities (ADA)", 49
 C.F.R. Part 37;
- 2. U.S. DOT regulations, "Nondiscrimination on the Basis of Handicap in Programs and Activities Receiving or Benefitting from Federal Financial Assistance", 49 C.F.R. Part 27;
- U.S. DOT regulations, "Americans with Disabilities (ADA) Accessibility Specifications for Transportation Vehicles", 49 C.F.R. Part 38;
- Department of Justice (DOJ) regulations, "Nondiscrimination on the Basis of Disability in State and Local Government Services", 28 C.F.R. Part 35;

- 5. DOJ regulations, "Nondiscrimination on the Basis of Disability by Public Accommodations and in Commercial Facilities", 28 C.F.R. Part 26;
- 6. U.S. GSA regulations, "Accommodations for the Physically Handicapped", 41 C.F.R. Subpart 101-19;
- 7. U.S. Equal Employment Opportunity Commission, "Regulations to Implement the Equal Employment Provisions of the Americans with Disabilities Act", 29 C.F.R. Part 1630;
- 8. U.S. Federal Communications Commission regulations, "Telecommunications Relay Services and Related Customer Premises Equipment for the hearing and Speech Disabled", 47 C.F.R. Part 64, Subpart F; and
- 9. FTA regulations, "Transportation for Elderly and Handicapped Persons", 49 C.F.R. Part 609.

23. SAFE OPERATION OF MOTOR VEHICLES

- (A) <u>Seat Belt Use</u>. The Contractor is encouraged to adopt and promote on-the-job seat belt use policies and programs for its employees and other personnel that operate company-owned vehicles, company-rented vehicles, or personally operated vehicles. The terms "company-owned" and "company-leased" refer to vehicles owned or leased either by the Contractor or the New Orleans Regional Transit Authority.
- (B) <u>Distracted Driving</u>. The Contractor agrees to adopt and enforce workplace safety policies to decrease crashes caused by distracted drivers, including policies to ban text messaging while using an electronic device supplied by an employer, and driving a vehicle the driver owns or rents, a vehicle Contractor owns, leases, or rents, or a privately-owned vehicle when on official business in connection with the work performed under this contract.

24. OTHER ENVIRONMENTAL PROTECTIONS

The Contractor shall comply and facilitate compliance with all Federal environmental laws, regulations, and requirements, and will follow applicable guidance regarding them. These laws, regulations, and requirements include (but are not limited to) the Clean Air Act, Clean Water Act, Wild and Scenic Rivers Act of 1968, Coastal Zone Management Act of 1972, the Endangered Species Act of 1973, Magnuson Stevens Fishery Conservation and Management Act, Resource Conservation and Recovery Act, Comprehensive Environmental Response, Compensation, and Liability Act, Executive Order No. 11990 relating to "Protection of Wetlands," and Executive Order No. 11988, as amended, "Floodplain Management."

25. INCORPORATION OF FEDERAL TRANSIT ADMINISTRATION TERMS

The preceding provisions include, in part, certain standard terms and conditions required by

DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions in this contract. The Contractor shall not perform any act, fail to perform any act, or refuse to comply with any New Orleans Regional Transit Authority requests which would cause New Orleans Regional Transit Authority to be in violation of the FTA terms and conditions

26. TERMINATION FOR CONVENIENCE

The RTA may terminate this contract, in whole or in part, at any time by written notice to the Contractor when it is in the RTA's and/or the Government best interest. The Contractor shall be paid its costs, including contract close-out costs, and profit on work performed up to the time of termination. The Contractor shall promptly submit its termination claim to RTA to be paid the Contractor. If the Contractor has any property in its possession belonging to the RTA, the Contractor will account for the same, and dispose of it in the manner the RTA directs.

-27. TERMINATION FOR CAUSE

If the Contractor does not deliver supplies in accordance with the contract delivery schedule, or, if the contract is for services, the Contractor fails to perform in the manner called for in the contract, or if the Contractor fails to comply with any other provisions of the contract, the RTA may terminate this contract for default. Termination shall be affected by serving a notice of termination on the contractor setting forth the manner in which the Contractor is in default. The contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth in the contract. If it is later determined by the RTA that the Contractor had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of the Contractor, the RTA, after setting up a new delivery of performance schedule, may allow the Contractor to continue work, or treat the termination as a termination for convenience.

28. OPPORTUNITY TO CURE

The RTA at its sole discretion may, in the case of a termination for cause, allow the Contractor seven (7) calendar in which to cure the defect. In such case, the notice of termination will state the time period in which cure is permitted and other appropriate conditions. If Contractor fails to remedy to RTA's satisfaction the breach or default or any of the terms, covenants, or conditions of this Contract within ten (10) days after receipt by Contractor of written notice from RTA setting forth the nature of said breach or default, RTA shall have the right to terminate the Contract without any further obligation to Contractor. Any such termination for default shall not in any way operate to preclude RTA from also

pursuing all available remedies against Contractor and its sureties for said breach or default.

29. WAIVER OF REMEDIES FOR ANY BREACH

In the event that RTA elects to waive its remedies for any breach by Contractor of any covenant, term or condition of this Contract, such waiver by RTA shall not limit RTA's remedies for any succeeding breach of that or of any other term, covenant, or condition of this Contract.

Independent Cost Estimate (ICE)

INDEPENDENT COST ESTIMATE SUMMARY FORM

Project Name/Number:
Date of Estimate:
Description of Goods/Services:
Cintas Contract
New Procurement Contract Modification (Change Order) Exercise of Option
Method of Obtaining Estimate: Estimate based on price received by NICE Bus solicitation number E3263R for similar item.
Attach additional documentation such as previous pricing, documentation, emails, internet screen shots, estimates on letterhead, etc.
Published Price List (attach source and date)
$oldsymbol{\mathcal{X}}$ Historical Pricing (attach copy of documentation from previous PO/Contract)
Comparable Purchases by Other Agencies (attach email correspondence)
Engineering or Technical Estimate (attach) Independent Third-Party Estimate (attach)
Other (specify) attach documentation
Pre-established pricing resulting from competition (Contract Modification only)
Through the method(s) stated above, it has been determined the estimated total cost of the goods/services is \$ 474, 974. 46
The preceding independent cost estimate was prepared by:
Ryan Moser
Name Rya Man
Signature

Location	5 mohtn total	Projected 36 month total
Canal	\$ 22,338.40	\$ 160,836.48
Carrolton	\$ 10,982.11	\$ 79,071.19
SIS	\$ 9,242.29	\$ 66,544.49
ENO	\$ 19,019.43	\$ 136,939.90
Money Room	\$ 817.17	\$ 5,883.62
Mops and rugs	\$ 4,263.72	\$ 30,698.78
Total	\$ 66,663.12	\$ 479,974.46
Cost per year		\$ 159,991.49
